\* John Deere no longer offers the F1145 model of mower. The replacement model is the F1445. This new model offers improved hydraulics.

\*\*This has always been a more expensive mower, because it has a cab on it so it can be used as a snow blower.

The above items were all included in the 2001 parks capital equipment budget. We are asking permission to purchase the new parks equipment and requesting a supplemental appropriation in the amount of \$5,700 to account #101.431.5515 (PARKS EQUIPMENT). (See attached J.D. Parks-RCA.)
