CONROY HEIRS SUBDIVISION," recorded in Plat Book 19, Page 34, as described in the deed to William R. Jr. and Mae L. McCorkle, recorded in Official Record 31533, Page J-10. Being part of a 13.518 acre tract of land as described in Instrument Number 199907080173756 of the Franklin County Recorder's Office (Parcel # 025-004340-00).

Said lines and facilities shall be constructed within a certain strip of land twenty (20) feet in width, the centerline being the facilities as installed. The approximate location of said easement is depicted on Exhibit "A", attached hereto and incorporated herein.

This Easement conveys all necessary and convenient rights for the Easement's use, including, without limitation, the rights to: construct, operate, maintain, inspect, protect, repair, replace, enlarge, upgrade, extend and remove utility facilities and relocate within the Easement, all necessary and convenient facilities which include but are not limited to: poles, anchors, guys, supporting structures, conductors, conduits, enclosures, grounding systems, foundations, manholes, transformers, and associated equipment, adding thereto from time to time; perform grading or filling for such facilities; cut, trim, remove and/or otherwise control, with herbicides or by other means, at Grantee's option (without any liability to Grantor), any trees, limbs or branches, brush, shrubs, undergrowth, of whatever size, buildings, structures, or other obstructions that in Grantee's reasonable judgment endanger or interfere with the safety or use of its facilities, both within and adjoining the Easement. Within the Easement, Grantor shall not: place any structures, piles or debris, interfere with lateral support, change the level of the ground by excavation or mounding without Grantee's written consent, allow any construction that would be inconsistent with the National Electric Safety Code or Grantee's design standards, and, for underground lines, permit or cause any excavation, except for other utilities, provided such utilities rights do not conflict with this Easement.

This Easement also conveys the right of ingress and egress in and over any reasonable routes at all times. If any governmental authority requires Grantee to relocate the facilities contemplated by this grant, this Easement conveys the right to relocate such facilities to a comparable location of Grantee's choosing, without the need for a new easement.

Grantor may use its property for all purposes not inconsistent with the full enjoyment of the Easement, but Grantor acknowledges high voltage electric lines will be constructed within the Easement and Grantor shall use its property in a manner consistent with all applicable safety rules and regulations for working near electric lines.
