To Whom It May Concern:

I am writing to appeal the ORDER to repair the sidewalks of my property at 341 Chilton Pl. I do this principally because THERE IS NOTHING WRONG with my sidewalk. My sidewalk :

- IS LEVEL
- IS INTACT-NOT CRUMBLING
- HAS NO "HORIZONTAL OFFSETS"
- IS PERFECTLY SAFE FOR PEDESTRIANS, HANDICAPPED, DOGS, CATS AND ALL VARIETIES OF WILDLIFE

The "picture" that was provided in your correspondence identified three sections in need of replacement-that LOOK EXACTLY LIKE ALL OF THE OTHER SECTIONS. The aerial picture provided could not have possibly provided any useful information about the sidewalk and I am speculating that the person(s) who determined the need for the replacement are none other than the contractors hired to do the replacement. If I am correct, you are doing the taxpayer citizens a grave injustice. I will look into that further, if necessary.

I am including pictures of the sidewalk-while not perfect, they are certainly better than the pictures you provided to justify this.

The appeal process is also outrageous. To opt out of a problem I do not have -a problem that the city created for this neighborhood by the improper planting of trees, I am required to pay a fee of \$50.00 and provide six copies of my appeal.

Sincerely,

Mary Burkett
