

CITY OF GAHANNA
DEPARTMENT OF TECHNOLOGY

TO: Gahanna City Council
Becky Stinchcomb, Mayor

FROM: Rory Gaydos, Director of Technology

DATE: July 25, 2014

RE: **REPORT TO COUNCIL FOR Monday, August 11, 2014**

ACTION ITEMS:

The Technology Department respectfully requests the following Council Action:

Action Requested:

The Technology Department requests Council to authorize the renewal of ISDN Prime (ISDN PRI) service with AT&T for a period of 36 months for a total amount of \$34,920.00 from Account 101.348.5484 (Utilities – Telephone) which equates to \$970.00 monthly. The monthly rate is currently available with the IT Budget for the remainder of 2014 and will be planned for future budgets.

Purpose:

This contract allows the City use of our Prime ISDN, Local Usage, DS1 Distribution Channels, and 500 City Phone Numbers (phone numbers 342-4000 through 342-4499).

It is beneficial for the City to renew this contract and obtain a pricing term for 36 months due to the fact that this contract is subject to rate increases as it is currently out of contract.

Additional Information:

While there are other standards used to transmit digital voice available, our current internal phone system, Mitel, currently supports PRI (Primary Rate Interface).

COUNCIL UPDATES:
