Facts About Needs

Real and Unmet Needs

Ample Kindness

Pay it Forward

Creates the environment
where these needs are met

Through a cooperative effort of local
leadership a plan is put in place to bring
this program to your area.

Program to Meet Needs

Schools

Churches

Service Organizations

1

Advocate Recognizes a Need

Local resident (Advocate) identifies a need in the community and submits the need through the Neighborhood Bridges website.

2

Need is Vetted

Area Director of community then insures that all information is collected from the Advocate about the need (contact information, any specific information)

3

Need is Posted/Filled

Need is posted on Neighborhood Bridges website to go out as an Alert to the community (Subscribers) of the need. Subscribers alert Area Director to help fill need. Coordination is made with Advocate to deliver from Donor to Recipient.

Hello Ron! I was able to get a list of items. Of course they know that they may only get some items and are appreciative of any help. There are 9 of them in the family.

From mom:

- dressers
- beds
- bedding
- bedframes
- lamps
- nightstands
- desk
- pots and pans
- hygiene items
- food items
- Toys games
- books
- Crib
- toddler bed
- bedding
- pillows
- clothes

I would be happy with just resources helping in the right directions to get these things done.

I don't expect my home to go back to normal over night or for us to get anywhere near this list, just resources or a prayer would be a blessing.

Re: Family in need

Hello! I am still in shock that all these wishes are being granted.

I have my class now so it is easier to email, but I will call after school.

Mrs. (Erin) Glassman (husband is Bill) said any time next week when the kids are at school: m-f after 10 am.

Her son is having some troubles and this weekend may not be a good option.

Here is there address:

8027 Ashenden Dr.

Blacklick 43004

Again...this is absolutely amazing!! I think you must have the best job.
