Proposal

Date: 3-18-08

Project:

Customer:

City Of Gahanna
Everett Speeks
Cell (614) 452-0627
Fax (614) 342-4100

Location:

Gahanna City Hall
200 South Hamilton Rd.
Gahanna, Ohio 43230

Scope of Work:

Clear Choice Walls will repair hail damaged EIFS as discussed with Everett Speeks. The areas discussed are on all four elevations. (N,E,S,W) These areas will be repaired by resurfacing them with an acrylic base and finish coat of material to match the existing color. Some areas will require special attention due to the severity of the hail damage. These particular areas will need to be cut out and replaced with new foam, fiberglass meshing for reinforcement followed by the acrylic base and finish coat of material. Following the repair work, Clear Choice Walls will paint the South facing elevation closest to Hamilton road. This portion of the work is being performed to avoid color differences from the new material to the existing material which has been weathered and exposed to (UV) rays. Painting is not required on any other areas as they are being completely re-coated. Clear Choice Walls will provide all material and labor to complete the job discussed.

THANK YOU
