CITY OF HILLIARD: COVID-19

One of the ways we have discussed making the most of the time we spend working from home is creating some professional development activities staff can tackle from their own home and – for those of you balancing work and childcare – on a flexible schedule.

Introducing Hilliard University, where we are offering a variety of online professional development activities for staff. Classes are free and count toward time worked from home.

For each activity completed you complete you'll receive HU college credits. Complete 500 credits and you'll receive a diploma and a spiffy Hilliard University shirt with the HU logo!

You're on the honor system in tracking your credits, so remember the HU Motto: *"Don't Cheat. It's just a shirt, people."*

To claim your credits, your diploma, and your shirt, [track your credits using this handy online system!](#)
