

# Apply to Join The **STRATEGIC PLAN** Steering Committee

The City of Gahanna is embarking on an exciting journey to create a new Strategic Plan that will guide our city's future. This plan will serve both our government organization and the broader community by providing clear guidance on city decisions and priorities.

To ensure the success of this initiative, we are assembling a diverse group of community members to form the Steering Committee. This committee will work closely with city staff, the planning consultant team, and other community members to offer valuable insight and perspective throughout the planning process.

**Grow in engagement by helping to plan Gahanna's future**

Applications will be accepted August 1-15, 2024.  
To apply, visit the City's website below or scan the code to the right.
