Re: Overview of Proposed "Creekside Outdoor Refreshment Area"

The Creekside District Alliance (CDA) has proposed to establish a Designated Outdoor Refreshment Area (DORA) as outlined in Ohio Rev. Code §4301.82, which would allow open containers of alcohol in the public areas in the downtown district. Ohio Rev. Code §4301.82 provides regulations for: establishing the boundaries of a DORA, the signage required to identify the district boundaries, the DORA days/hours of operation, requirements for sanitation and safety plans, and consideration of the impact on the area. The CDA has submitted a request to the Mayor, requesting that a DORA be established in downtown Gahanna – specifically, within the area known as the Creekside District. Approval of City Council is required to establish a DORA within the City of Gahanna. Pursuant to Ohio Rev. Code §4301.82, I therefore respectfully submit the attached petition to Gahanna City Council for review, consideration and adoption.

The City of Gahanna is guided by state law in consideration and adoption of a DORA. Specifically, the City must comply with the following requirements:

- The City must publish a public notice of the application for a DORA, which must run for two consecutive weeks. The application also must be made available for review by the public. Per these state requirements, notice of this DORA application will be published on July 2, 2020 and July 9, 2020 in The Rocky Fork Enterprise, as well as on the City's website. The application also will be posted and available for review on the home page of the City's website, Gahanna.gov, and will also be available in the Clerk's office.
-

- A public hearing must be held within 45 days of receiving the petition. A public hearing will be scheduled for August 3, 2020.
- Not earlier than 30 days, but no more than 60 days, after initial publication of the Notice, City Council must approve or disapprove the application by ordinance or resolution.
- If approved, the City must notify the State Division of Liquor Control and the Department of Public Safety of the approved application.
- The Ordinance adopting the DORA must include the boundaries, signage, hours of operation, a public safety plan, sanitation plan, and requirement for participating vendors to serve in a plastic cup.
- City Council shall review the DORA every five years from the date the DORA is created.
- City Council has the authority to dissolve all or part of the DORA upon proper notice.
- The City Administration and the CDA may agree to change the plan, within the terms set in the petition, as needed.

The CDA previously submitted presented an overview for the DORA to City Council on February 10, 2020. The proposal described the operation of the proposed DORA district, which are summarized as follows:

- Boundaries of the district are contiguous with the Creekside District.
 - Signs are to be installed at the exits points to the District.
 - Plastic cups will be used to serve alcohol that is carried out of the establishment and will be printed with a "Creekside Outdoor Refreshment Area (CORA)" logo and the rules for participating in the DORA.
 - The DORA will be in effect year-round. Proposed hours and days of operation are:
 - Monday - Wednesday 3 p.m. to 11 p.m.
 - Thursday - Sunday 11 a.m. to 11 p.m.
 - The DORA will be temporarily suspended from being in effect during specified special events that occur in the Creekside District, including the Creekside Blues & Jazz Festival, Taste of Gahanna, and Creekside Hops & Vines.

I. INTRODUCTION AND SUBMITTAL OF APPLICATION

On February 10, 2020, the Creekside District Alliance (“CDA”) presented to the Gahanna City Council the concept of establishing a Designated Outdoor Refreshment Area (commonly referred to as a “DORA”) in downtown Gahanna, specifically within the area known as the Creekside District. The CDA maintains that the enactment of such legislation would serve the cultural and economic betterment of the businesses, residents and property owners in the Creekside District, as well as the whole of Gahanna, by enhancing outdoor dining and special events, and by further establishing the Creekside District as a vibrant destination for entertainment, culture and activity.

Section 4301.82 of the Ohio Revised Code authorizes municipalities to create a Designated Outdoor Refreshment Area. In order to consider the creation of a DORA, the Executive Officer of the municipal corporation must file an application with the legislative body that identifies operational details of the DORA and meets specified statutory requirements. The application filing must be advertised for two consecutive weeks in a newspaper of general circulation. Not earlier than 30 days (but not later than 60 days) after the initial publication of the Notice, Council may approve or disapprove of the application by ordinance or resolution. Upon approval by Council, the DORA is created. The Ohio Division of Liquor Control then is responsible for issuing permits to all A-1, A-1-A, A-1c, A-2, A-2f, or D liquor permit holders (except a D8 class that holds a C class permit) located within the DORA boundaries.

In accordance with Ohio Rev. Code §4301.82, the Office of the Mayor of the City of Gahanna and the Creekside District Alliance (CDA), a 501(c)(3) non-profit organization, now respectfully submit the following application to Gahanna City Council to approve and enact a DORA to be known as the “Creekside Outdoor Refreshment Area” (“CORA”). In summary, this application proposes the following:

- The creation of a DORA in downtown Gahanna, between Big Walnut Creek to the west and the east side of High Street (sidewalk) to the east, Granville Street to the south and North Street to the north. (See, Section II, “Boundaries,” for more detail.)
- The DORA would increase accessibility to outdoor dining in front of liquor permit holding establishments, as such establishments would be permitted to serve alcoholic beverages in a specified plastic cup pursuant to the law within the designated DORA area, during designated DORA hours. Creation of the DORA and the subsequent amendment of the City's Outdoor Dining Policy would relieve these establishments of current requirements for fencing around a dining area. Signage, sanitation and safety requirements would be established by permit.
- The DORA would provide the ability for individuals to walk within the DORA boundaries with an alcoholic beverage purchased from a liquor permit holding establishment.
- The DORA would be in effect during specified hours on specific days; however, it would be suspended during certain special events that historically take place within the boundaries of the proposed DORA. These special events include the Creekside Blues & Jazz Festival, Taste of Gahanna, and Creekside Hops & Vines Festival, and any other events that Council may identify.

II. BOUNDARIES OF PROPOSED DORA

The City of Gahanna is a municipal corporation with a population of more than thirty-five thousand, which allows the creation of an outdoor refreshment area as outlined in Ohio Rev. Code §4301.82(D). In accordance with Ohio Rev. Code §4301.82(B)(1), the boundaries of the proposed DORA are depicted below:

DESCRIPTION OF BOUNDARY

Commencing at the northwest corner of the intersection of Granville Street and Mill Street, traveling westerly to the eastern boundary of the Big Walnut Creek; continuing north along the Big Walnut Creek to 167 Mill Street; continuing easterly along north side of North Street to 158 North High Street; continuing south along the eastern sidewalk of North High Street to the intersection of Granville Street and North High Street; continuing westerly along north side of Granville Street to the northwestern corner of the intersection of Granville Street and Mill Street. Said description contains approximately twenty-four (24) acres.

PARCELS

Pursuant to Ohio Rev. Code §4301.82(F)(1)(a), the parcels in the attached “Exhibit A” are included within the proposed DORA boundary.

III. NATURE AND TYPE OF ESTABLISHMENTS

Pursuant to Ohio Rev. Code §4301.82(B)(2), the following lists examples of the nature and types of establishments located within the proposed DORA. These businesses, which primarily are in the retail, dining, and services sectors, include:

IV. QUALIFYING PERMIT HOLDERS

In accordance with Ohio Rev. Code §4301.82(B)(3), the DORA will encompass not fewer than four (4) qualified permit holders. The following establishments are D permit holders under Ohio Rev. Code §4303 and have committed to participating in the DORA:

<p>Barrel & Boar Creekside 121 Mill St.</p>	
<p>Local Cantina Creekside 101 Mill St.</p>	
<p>Signatures Mill Stone Tavern 94 Mill St.</p>	
<p>Old Bag of Nails Pub/Pour House Tavern 63 Mill St.</p>	
<p>Nostalgia Brewing 81 Mill St.</p>	
<p>Stadium Bar and Grill (Pending) 101 Mill St.</p>	

V. LAND USE & ZONING

In accordance with Ohio Rev. Code §4301.82(B)(4), the uses of the land within the DORA are zoned OG-2 (Olde Gahanna Mixed Use Neighborhood) or OG-3 (Olde Gahanna Recreation) and are in accord with Gahanna's Land Use Plan.

VI. PUBLIC SAFETY & HEALTH

In accordance with Ohio Rev. Code §§4301.82(B)(5), 4301.82(F)(1)(d), 4301.82(F)(1)(e) and 4301.82(F)(1)(f), the requirements for ensuring public safety and maintaining the appearance and public health of the area within the DORA are outlined below.

A. Safety Plan

The Safety Plan will help to ensure public safety within the DORA and will designate the number of personnel needed to execute the Safety Plan as follows:

- i. The Gahanna Division of Police (“GPD”) has multiple resources to maintain public safety within the DORA to include the downtown core business district. GPD has flexibility when deploying resources and has strong experience in dealing with large crowds in the Creekside District.
- ii. Given the potential for high pedestrian traffic and increased vehicular traffic within the DORA during the times it is in effect, directed staffing shall be applied by the GPD to ensure public safety. This will consist of a minimum of one police officer who will patrol the DORA district as a part of his/her assigned patrol responsibility.
- iii. The on-duty GPD supervisor will ensure that appropriate measures are taken for adequate staffing and supervision of activities occurring during DORA operational hours, based upon attendance and nature of events.
- iv. The Chief of Police may assign additional officers to events occurring within the DORA or establish other staffing mandates based upon activities that are expected to occur. To help supplement the regularly-scheduled GPD officer(s) on peak weekdays and/or weekends, extra dedicated officers may be assigned to the DORA either by the GPD, or may be contracted for service through the City of Gahanna by liquor permit businesses within the DORA who shall pay to the City the special duty cost for providing the extra officer(s). The primary responsibility of the contracted officer(s) will be the DORA district. If extra dedicated officers are required to be assigned to the DORA due to a special event that is being presented by an organization, the presenting organization also will be required to share equally in the special duty cost of the extra duty officer(s).
- v. Beginning with the commencement of the DORA and continuing for a period of twelve (12) consecutive months, the Chief of Police and other members of the City of Gahanna's staff, as directed by the Mayor, shall meet monthly to review the Safety Plan herein to determine whether updates, modifications, or supplementation may be advisable or required. The Chief of Police and/or Mayor may invite other City department staff members or DORA

stakeholders to the meetings to determine if the Safety Plan should be changed. In the event it is determined that the safety plan should be changed, such changes shall be presented to City Council for consideration and implementation. The Chief of Police has determined that the Safety Plan described herein is sufficient to maintain public safety within the DORA. This Safety Plan can be executed with the existing personnel of the City of Gahanna.

B. Sanitation Plan

Initially, the City intends to use a combination of the existing relevant provisions of the Sidewalk Dining Code, Park Conduct Policy, and Littering Policy (Chapters 908, 563 and 521 of the Gahanna City Code, respectively) to maintain the appearance and health of the downtown Gahanna area and to ensure that the area is not adversely impacted by the DORA.

i. Trash Receptacles:

Each qualified liquor permit holder will be required to provide and maintain trash receptacles at all entrance/exit points at their individual establishments. The permit holders shall each be responsible for collecting litter near or around each of their occupied premises.

Trash receptacles will be distributed and serviced throughout the DORA area by the City of Gahanna Parks & Recreation Department. The Department will regularly empty the receptacles, dispose of trash, and install heavy duty trash bags into the trash receptacles on a weekly basis, or as needed based upon activities and events occurring in the area.

Upon approval of the Director of Public Services for the City, additional receptacles may be added by the City or any qualified permit holder, and the servicing of such receptacles shall remain the responsibility of the installing entity.

ii. Street Sweeping:

The Director of Public Services shall evaluate the need for, and frequency of, street sweeping and servicing of trash receptacles, and, if needed or advisable, shall implement changes or modifications to the Sanitation Plan from the commencement of the DORA until its dissolution.

The Directors of the Gahanna Parks & Recreation Department and the Department of Public Services have determined that the Sanitation Plan described herein is sufficient to help maintain the appearance and public health within the DORA. This Sanitation Plan can be executed with the existing personnel of the City of Gahanna.

VII. ADDITIONAL INFORMATION

The following sections provide additional information regarding the proposed operations and logistical arrangements for the proposed DORA in the Creekside District.

A. Proposed Signage

In accordance with the Ohio Rev. Code §4301.82 F(1)(b), signage will be placed to designate the boundaries of the DORA. The location and spacing of the signs are shown on attached Exhibit B. The signs will be mounted and located at street intersections, streets, and exit points along the boundary of the DORA. The content and style of this artwork shall, in sum or substance, consist of the following:

B. Rules of the Area

i. Proposed Hours of Operation of the DORA

The DORA will be in operation from 3 p.m. to 11 p.m. Monday through Wednesday, and 11 a.m. to 11 p.m. Thursday through Sunday. Extended times for special events may be established by the Mayor with the concurrence by a vote of City Council. Such concurrence would be made by motion.

The DORA shall remain in effect during these identified hours of operation but shall be temporarily suspended on during certain special events that regularly take place in the Creekside District. These events include the Creekside Blues & Jazz Festival, Taste of Gahanna, Creekside Hops & Vines Festival, and any other events identified by City Council.

ii. Official DORA Cup & Wristband

Pursuant to Ohio Rev. Code §4301.82(F)(1)(g), all beer, wine, or intoxicating liquor that leaves an establishment under the DORA must be served solely in a plastic container and used within the DORA. In compliance with this provision, all DORA beverages must be served in a new, unused Official DORA Cup. No other container will be permitted.

Used official cups from one liquor permit holder establishment shall not be carried into the establishment of another liquor permit holder and must be disposed of before entering that establishment. Other businesses within the DORA that are not a liquor permit holder have the option to determine whether to permit a DORA beverage within their establishment. In that event, the business shall post a sign at its entrance, specifying that DORA beverages are/are not permitted to be carried inside.

The participating qualified liquor permit holders will include a “to go” charge on every DORA beverage sold with the Official DORA Cup. The “to go” charges will be used to fund the costs associated with the enforcement and implementation of the DORA, including costs of cups and wristbands, and any additional costs incurred as a result of the Safety and/or Sanitation Plans outlined herein.

The CDA will supply each of the qualified liquor permit holders who are participating in the DORA with an initial supply of the Official DORA Cups. The Official DORA Cup will be able to hold no more than sixteen (16) fluid ounces and will be composed of plastic. (A sample copy of the proposed Official DORA Cup for the Creekside District is below.)

iii. Official DORA Wristband

The CDA also will provide the qualified liquor permit holders within the DORA with customized wristbands to distribute to DORA participants upon leaving their establishments, identifying them as being legally of age and a DORA participant. DORA participants who carry a beverage within the DORA boundary must wear the wristband at all times while within the DORA area.

C. Public Enjoyment of DORA

A member of the public who elects to participate in the DORA can expect to enjoy the DORA without legal restrictions as long as that DORA participant correctly follows all of the rules of the DORA area and maintains a decorum of good behavior, free of public drunkenness, property destruction, or any action that disrupts the enjoyment of another DORA participant, or disrupts any establishment, property owner, resident, or patron within the DORA.

Violation of any of these Rules of the DORA shall be considered a minor misdemeanor and violators face warnings and/or fines up to \$150.00 in accordance with O.R.C. §4301.62.

D. Positive Economic Impacts

The DORA is presented and supported by the members of the Creekside District Alliance (CDA), business establishments, and residents within the defined district. The Creekside Outdoor Refreshment Area (CORA) is the name of the proposed DORA in the Creekside District. CORA is an economic attraction to draw shoppers, diners and other foot traffic to the Creekside District.

The CORA will distinguish the Creekside District and enhance the experiences of patrons of business establishments as well as attendees of events held in the Creekside District. It will increase the economic impact, value, and visibility for restaurants and merchants. The CORA will encourage full-service outdoor dining and therefore reduce the need for restrictive fencing.
