Teal reiterated discussion on these items began at the last committee meeting; included adjustment from the City Attorney on the general fund supplemental; will show up as \$27,034 in the Special Council account for a request for reimbursements on expenses related to TIF and other economic developments throughout the year; Kneeland inquired if Council had questions; Kneeland inquired if Council was ok with first reading, no need to come back; McWilliams noted this legislation will be on as second reading.

RECOMMENDATION: Consent Agenda; Amend by Substitution.

[ORD-0162-2014](#) TO AMEND CHAPTER 161, INCOME TAX, OF THE CODIFIED ORDINANCES OF THE CITY OF GAHANNA.

Ewald noted meetings over the past week with the public involved helpful discussion; met with Finance today to discuss eccentricities with Gahanna's code; changes have been added and sent to outside counsel; intention is to have review back this week or next with draft, clean, and redline formats for Council's review. Kneeland inquired when the first reading will be. Ewald stated first reading will be on track for next week; Council should plan for introduction and first reading on Monday; no need for emergency as this agenda item is not something we want to rush and make mistakes on. Angelou noted the intent in 1989; became confusing over the years when income taxes started raising from 1-2%; intent was always only partial credit no matter what. Ewald noted pulling newspaper articles from that time; was in line with Angelou's comments; intent with the amended legislation is to be clearer; walking through the credit section today with Finance, it is more in line with other communities. Kneeland asked for additional questions. There were none.
