C. HEARING OF VISITORS:

1. Resolution Presentation by Council

Councilmember Bowers informed the meeting attendees about a resolution that Council discussed at the Committee of the Whole meeting the previous week. The resolution aimed to designate August 2023 as Safe Driving and Share the Road Awareness Month in the City of Gahanna. She expressed gratitude to various individuals, including Council Clerk Jeremy VanMeter, Chief Spence, and Patricia Kovacs of the Bicycle and Trail Advisory Committee (BTAC), for their collaboration in creating the resolution. Although she did not read the entire resolution, Councilmember Bowers noted that it was available on the city's website through provided links. She mentioned that physical copies of the resolution would also be accessible in the Council Office. Furthermore, she highlighted that Patricia Kovacs would be recognized during the meeting for her contributions through BTAC in connection with this resolution.

Council members presented the resolution to Ms. Kovacs and posed for a

photo.

Ms. Kovacs expressed her gratitude to the council and Councilmember Bowers on behalf of BTAC. She also extended her thanks to all city staff members who contributed to making the city more bikeable and walkable. Ms. Kovacs specifically mentioned staff from the Parks & Recreation Department, as well as from the Engineering Department. She also acknowledged the efforts of past staff members in these departments. Addressing a question about the data, Ms. Kovacs mentioned her interest in data and explained that she had reviewed crash statistics in Gahanna over the last 10 years. She highlighted that the city had an average of 4.8 bike crashes and 4.5 pedestrian crashes per year. However, in the past year, there were zero bike crashes and two pedestrian crashes. Ms. Kovacs speculated that initiatives such as the "Share the Road" resolution and increased social media presence might be contributing to safer roads. She then drew attention to the issue of distracted driving and noted an increase in speeding and red light running since the onset of the pandemic. Ms. Kovacs urged everyone to stay focused while driving, avoid using phones while behind the wheel, emphasizing the importance of road safety. She concluded by thanking the council.

2. Members of the Public

Sharon Montgomery of 572 Bonnington Way, Gahanna, OH spoke on RES-0027-2023 and shared additional compliments of city staff.

Ms. Montgomery expressed her appreciation and complimented the council for including a focus on distracted driving in Resolution 27. She highlighted specific aspects of the resolution that she liked, particularly the encouragement for parents to serve as good role models and the acknowledgment of the prevalence of electronic devices and the temptations associated with their use. Ms. Montgomery mentioned that this issue had been a concern she had raised with state legislators two decades ago, warning about the increasing use of phones and the potential consequences of distracted driving. She expressed her satisfaction that the city's efforts were addressing this crucial aspect of the problem and thanked Chief Spence for the Division of Police's prompt response in providing a fact sheet about the new distracted driving law. Ms. Montgomery stated she had another commitment and would not be able to stay for the public hearing on the Capital Improvements Plan. However, she commended the Council Clerk for his excellent minutes, stating that they were as informative as attending the meeting in person. She thanked the council for their efforts and positive initiatives.

Christian Peck of 122 Oklahoma Avenue, Gahanna, OH spoke on behalf of the Gahanna Area Arts Council (GAAC).

Mr. Peck, the Board President of the Gahanna Area Arts Council located at 81 Mill Street, Suite 300, expressed his gratitude on behalf of the organization towards the City of Gahanna. He acknowledged that the Arts Council recently hosted a successful community performance by the

Columbus Symphony Orchestra at Headley Park, an event that saw the participation of over 870 community members. Christian noted that the weather conditions were favorable, and even a rainbow appeared during the performance. He highlighted the significant increase in attendance compared to similar events in the past, attributing the success to the support received from the City of Gahanna. Mr. Peck thanked various individuals and departments for their contributions, including the entire Parks Department for their assistance in planning and setting up the event and expressed appreciation for the efforts of the City's Public Information Officer, as well as the Visit Gahanna team for their role in promoting the concert. Mr. Peck acknowledged Councilwoman Bowers for her personal donation to sponsor the event, and Mayor Jadwin and her family were thanked for attending and purchasing tickets.
