Subject: Access Energy Neighborhood Petition
Date: Thursday, May 04, 2017 11:38:00 AM
Attachments: [20170504113505424.pdf](#)

Good morning,

Attached is a neighborhood petition I've just received. They would like it be included as part of the record.

Thanks!

Re: Application CU-0009-2016
121 James Road
175 W. Johnstown Road
Gahanna, OH 43230

We, the undersigned, do not want Access Ohio's proposed Drug and Alcohol Treatment Center moving into the above referenced addresses. We are the families - caring and concerned, not judgmental or paranoid - who live next to and around these addresses. We understand the need that exists for those with addictions. We also know that physical addictions carry with them emotional and mental complexities.

Gahanna's city officials and leaders are currently in process of bringing awareness to our own epidemic of drug and alcohol abuse and addictions. We do not need this facility placed in our quiet area, causing it to become a place of interest to addicts not seeking help and/or dealers.

1. Referenced properties are 1500 feet from Gahanna public park trails, the Gahanna Swimming Pool, a softball field, the Veterans of Foreign Wars post, and multiple baseball/soccer fields between the pool and trails.
2. Referenced properties are 5-10 minute walks to Creekside.

Our utmost concern is the safety of our families. Our second is the cohesion of our neighborhoods. The third concern is property value, which is affected by both safety and cohesion of the area. A neighborhood Drug and Alcohol Treatment Center can not possibly offer increased safety, cohesion, or property values.
