receiving building permits associated with the Phase I plans. The parties acknowledge that Phase II may begin earlier if the Developer chooses.

H. The Developer will work with the City on the approval of the Phase II plans and will undertake the standard review process at the time Phase II is authorized. The parties acknowledge that the Building Code and City Ordinances that are to govern Phase II approvals are those that the City has in place at the time this agreement is fully executed up to and not in violation of the Ohio Revised Code. The parties agree to work together in good faith on the approval of Phase II.

I. Certain infrastructure improvements are necessary in order to ensure the success of the Development.

J. The City believes that the construction of infrastructure and other publicly- and privately-owned improvements in support of the Development (as defined below, the “Eligible Improvements”), the creation of jobs within the Development Area (as defined below and attached hereto as **Exhibit A**) in connection with the Development, and the mutual fulfillment of this Agreement are all in the vital and best interests of the City and the health, safety, and welfare of its residents, and in accordance with the public purposes and provisions of applicable federal, state, and local laws and regulations.

L. The Developer is making substantial investments in the pre-development costs for the Development, and the Parties believe this Development will not only help to diversify the existing housing stock in the area, but also promote job creation and bring workforce development opportunities to the community.

M. The City and the Developer believe this Development and the related Eligible Improvements are vital to the City and the Developer and both enter into this agreement in good faith with the intention to cooperate and collaborate toward the success of the Development and the related Eligible Improvements in the best interests of both parties.

N. This Agreement shall establish the terms under which the CIC will agree to enter into a Purchase and Sale Agreement to convey the Property to the Buyer in order for the Developer to develop the Property into a combination of office/co-working, hospitality, and housing that adds residents, and leverages the waterfront, community trails, local parks, surrounding amenities, and existing downtown to create a unique destination development that will attract visitors from across the region.

O. This Agreement was presented to City Council and approved via City Ordinance No. ORD-0042-2025 on [_____, 2025], which authorized the Mayor to enter into this Agreement on behalf of the City.

7.4.6 The representations of the Developer made in this Agreement shall be deemed to apply as of the date of the execution of this Agreement and such representations made by the Developer are made with the knowledge and expectation that notwithstanding any investigation conducted by or on behalf of the City (except as expressly stated in this Agreement), the City is placing complete reliance thereon and that such representations are to be treated as material to the City entering into this Agreement and the Developer further represents that no representation by the Developer set forth in this Agreement contains any untrue statement of material fact or omits to state a material fact necessary in order to make the statement contained herein not materially misleading or not misleading in light of circumstances under which they are made.

7.4.7 In the event of a delay in commencing construction or a construction delay, the Developer will maintain the Property in accordance with Applicable Law.

7.5 The undersigned Developer warrants that the Developer has not paid or has not agreed to pay any fee, commission, percentage, brokerage fee, or other consideration contingent upon or resulting from the award or making of this Agreement. The Developer warrants that, to the best of its knowledge, it is not prohibited from contracting with the City by any provision of the Ohio Revised Code relating to conflicts of interest, illegal interest in government contracts, or any other ethical prohibition, and for breach or violation of this warranty, the City shall have the right to annul this Agreement with no further obligation or penalty.

7.6 The Developer acknowledges and agrees that the City and the CIC are entering into this Agreement for the purpose of facilitating the development of the entire Development Site. In the event of termination, it is the intent of the Parties that the NCA shall have authority to (and shall) impose an additional fee upon the affected Property to accommodate for lost TIF revenue.

7.11 Progress Reporting. Developer shall provide a Progress Report to the City on a semiannual basis commencing on the Effective Date.

7.12 City Step-in Rights with Respect to Developer's Loans. ARTICLE 12

DEVELOPMENT INCENTIVES

12.1 Community Reinvestment Area. The Development Site is located in a “Pre-1994” community reinvestment area (“CRA”). The CRA provides for a 15-year, 100% real property tax exemption for improvements to real property that are eligible for an exemption pursuant to the CRA Act. The owner of the real property identified in the Purchase and Sale Agreement will be the recipient of the incentive. The City acknowledges that this incentive is in the best interest of the City. Pursuant to SR-16-2009, upon application of the property owner, the Mayor and the property owner shall enter into an abatement agreement consistent with the terms identified herein.

12.2 NCA Proceedings. The Developer agrees to, and will use its best efforts to, cause the owner or other entity or entities with sufficient control of the real property identified in the Purchase and Sale Agreement to present to City Council for approval a NCA Petition, within 6 months after Developer’s receipt of building permits for the Phase I Property, which petition shall provide, among other things, for the collection of a “Community Development Charge” pursuant to Ohio Revised Code Chapter 349 imposed on all parcels comprising the Development Site (except for parcels owned by a political subdivision, if any) in various components. Community Development Charge components shall include, among other charges permitted by Ohio Revised Code Chapter 349 and the NCA Petition, (i) an amount of mills to be determined at the time of the NCA Petition by mutual agreement of the Developer (acting as the statutory “NCA Developer” pursuant to Ohio Revised Code Section 349.01(E)) and the City, but not to exceed nine (9) mills, and charged against the assessed valuation of such parcels to be paid to the NCA for purposes of funding the Costs of Community Facilities (as such terms are defined in Ohio Revised Code Section 349.01), and other authorized purposes authorized by Ohio Revised Code Chapter 349, and (ii) a Hotel Charge may be imposed on any Hotel Parcel in the District in an amount equal to two percent (2.0%) of gross receipts from transactions by which lodging is or is to be furnished on any Hotel Parcel (iii) a Retail Charge may be imposed on all Retail Parcels, in an amount not greater than two percent (2.0%) of gross receipts of Retail Sales from the operations of any Retail Parcel, (iv) and any other amounts or charges, if any, to be determined by mutual agreement of the Developer and the City. The NCA Developer shall be the Developer or an Affiliate of the Developer. The NCA Petition may also allow for prepayment of a Community Development Charge. The Developer will control 3 of the 7 seats established under the NCA.

Moneys held by the NCA in its funds and accounts shall be used (i) first, to pay the administrative costs of the NCA (insurance, accounting, legal and other administrative costs) in an amount not to exceed \$25,000 per year; (ii) second, to be allocated equally to the City and Developer to pay or reimburse the Developer on the one hand and the City on the other for documented hard and soft costs associated with the Eligible Improvements identified under this Agreement or other costs allowable by the Ohio Revised Code, or any costs of the City related to this Agreement and the Development that qualify as a cost under Ohio Revised Code Chapter 349; and (iii) third, any remaining funds after this allocation may be expended for any authorized purpose under Ohio Revised Code Chapter 349 by the NCA Board of Trustees.

12.3 Tax Increment Financing. The City agrees to pursue a 5709.41 Municipal Redevelopment TIF exemption for the Development Site by submitting legislation to City Council and appropriate notices of such exemption, all as required under the TIF Act. The CIC will furthermore transfer the Property (to the extent required) to the City, and the City, subject to Council approval, will transfer the Property back to the CIC prior to closing pursuant to the Purchase and Sale Agreement. The TIF exemption will be a 30-year, 100% exemption, and the TIF ordinance will direct the County Treasurer of Franklin County, Ohio to pay

service payments to the Gahanna-Jefferson Public Schools (the “School District”) and Eastland-Fairfield Career & Technical School District (the “JVSD”) in an amount equal to the real property taxes that the School District and the JVSD would have been paid if the increase in assessed value to the Property located in the School District and the JVSD had not been exempted from taxation pursuant to the TIF ordinance, provided that Developer may negotiate with the School District and JVSD and request that they agree to lesser compensation pursuant to a compensation agreement if they deem it in the best interests of the community.

12.3.1 As shall be further set forth in the Developer TIF Declaration, the Developer agrees to cause the Developer Affiliate or any subsequent property owner not to contest or file a complaint (including, without limitation, a complaint filed in accordance with Ohio Revised Code Sections 5715.13 or 5715.19) against the real property tax valuation of the Development Site as established by the Franklin County Auditor during the period in which the TIF is effective that seeks an incremental market valuation (i.e., the TIF Exemption value of the Development Site) below such amount as the Parties may mutually agree in good faith. Upon the request of City, the Developer shall cooperate with the City, including by providing such information as the City shall reasonably request and testifying before the Board of Revisions or providing an affidavit to support the value, to support the establishment and maintenance of such real property tax valuations by the Franklin County Auditor or in connection with any dispute relating to the same.

12.3.2 Moneys from the TIF fund shall be used first, to pay One Hundred Thousand Dollars (\$100,000) of pre-development costs and expenses of the Developer (which may be costs of Eligible Improvements) incurred in support of the Development, and second, to pay (A) the City fifty percent (50%) of the remaining service payments following clause “first”, and (B) the Developer fifty percent (50%) of the remaining service payments following clause “first” to pay the costs of Eligible Improvements identified under this Agreement.

12.4 Other Incentives. The Parties shall use reasonable, good faith efforts to cooperate in the exploration of and application for funding, grants, subsidies and other incentives. The City and the CIC will cooperate with any request of the Developer or any Developer Affiliate to pursue financing, incentives, or other support from one or more Ohio port authorities, including by entering into agreements necessary to cause such financing and incentives to be authorized.

12.4.1 State Incentives. The City will support the Developer in pursuing “Transformational Mixed Use” tax credits (TMUD), Ohio (and federal) opportunity zone incentives, Ohio Historic Preservation Tax Credits, brownfield and site revitalization programs, job creation tax credits, rural business growth program benefits, and any other State incentive programs, including but not limited to those requiring the City to serve as the applicant, such as the 629 grant programs (for roadwork), and those requiring letters in support for the Developer or its successors or its tenants, such as the Ohio job creation tax credit.

12.4.2 Property Assessed Clean Energy – PACE. The City has an established energy special improvement district to facilitate PACE financing for the Development.

12.4.3 JobsOhio Programs. The City will support the Developer in applying for support from JobsOhio.

12.4.4 Enhanced Signage, Parking and Expedited Permitting. The City will allow the Developer to place temporary signage on the site during the Development that is targeted towards providing information related to the Development, including but not limited to QR codes, images, and wording. The City will support the Developer to have signage throughout the Development Site, including, but not limited to, signage on its building(s) as well as on monuments to the maximum extent within Applicable Law. The City will also work with the Developer to address any parking requirements on a Development-wide basis. The City also agrees that the City and its staff will assist the Developer by using its best efforts to support and obtain timely determinations of the Company's commercially reasonable requests for clarifications of zoning language, building and construction permits, and other entitlements to facilitate and expedite the development of the Development whether from the City staff or City Review Bodies. The City shall designate an overall project manager who, upon request of the Developer, shall assist the Developer with the development of the Development. This project manager will be empowered within Applicable Law by the City to coordinate any requests that the Developer may have, including any request to convene meetings between representatives of the Developer and its development teams and City or other local building, regulatory, and/or utilities officials to address any anticipated or emerging construction challenges, and facilitate the permitting and site development process within the statutory authority of the City.

12.4.5 Apartment Incentive. For thirty (30) years after their completion, for all apartments constructed pursuant to the Development Plan, Developer shall withhold ten (10%) percent of the total units for those renters with incomes which are eighty (80%) percent or less of the area median income, to be determined by the Franklin County AMI. If Developer violates this covenant, then the City or CIC may enforce this covenant by bringing an action seeking equitable relief to compel performance of this covenant, it being agreed that any remedy at law, including without limitation damages, for a breach of this covenant is not adequate.

12.4.6 Additional Developer Commitments. In addition to all of the other rights and obligations contained in this Agreement, Developer furthermore commits to the following:

12.4.6.1 The Developer commits to fund an exterior arts component in Rock Park (sculpture, mural, art installation or otherwise) in order to promote vibrancy through street-level engagement within or as part of the Development;

12.4.6.2 The Developer commits to continuing future engagement and local community participation for 10 consecutive years following completion of the Development through support of organizations whose mission or events are carried out in the Creekside District.

12.4.6.3 The Developer agrees to deed back to the City, and the City hereby accepts, any unwanted portions of the Property that lie along the bank of the creek between the multi-use path and the creek.

12.4.6.4 The Developer agrees to create internship opportunities in the fields of manufacturing, development, hospitality and finance for students of Gahanna-Jefferson Public Schools for a period of 10 consecutive years following the authorization of this Agreement.

12.4.6.5 The Developer agrees to install a multi-use path in accordance with City specifications and other state and federal regulations, with the exact location to be determined by the Development Plans but as conceptually depicted on Page 3 of the attached **Exhibit B**.

12.4.7 Street Vacation. The Parties agree: (a) that there is good cause to vacate certain right of way adjacent to or nearby the Property, including but not limited to (i) the North Street Right of Way between parcel numbers 02500011400 and 02500010100, (ii) Lodge Alley between parcel numbers 02500003600 and 02500001100, (iii) any right of way between parcel numbers 02501028000 and 02500010400 currently known as Latta alley; (b) that vacating such right of way will not be detrimental to the general interest of the City; and (c) that the Parties will work cooperatively to effectuate the same. To that end, the Developer will, within 90 days after execution of this Agreement, deliver to the City a vacation plat depicting the portions of right of way that it believes (after consultation with the City) should be vacated. Understanding that the final decision on vacating streets or alleys is subject to the legislative discretion of City Council, City staff agrees to promptly present that vacation plat, with a recommendation that it be approved by ordinance, to the legislative authority of the City pursuant to Ohio Revised Code Section 723.05 for a final decision. If approved, the City will be responsible to record the original ordinance or certified copy in the official records of the county recorder. If denied, Developer may terminate this Agreement and the Purchase and Sale Agreement, recover any Inspection Fee paid to the CIC, and recover from the City or the CIC up to \$50,000 in out of pocket expense incurred by Developer in connection with this Agreement and the Purchase and Sale Agreement.

12.4.8. City Fees. All charges, costs or other associated fees that may be charged by the City in connection with the Development are reduced to fifty percent (50%) under this agreement. The City may reimburse itself for any such waived fees or costs from the City's fifty percent (50%) portion of the TIF and New Community Authority dollars collected.

12.4.9 Use of City Property during Development. During the Term of this Agreement, the City agrees that Developer and its agents, employees, construction agents, contractors, subcontractors, tenants, residents, and business invitees shall have (1) a non-transferable, exclusive, license to utilize the Phase II Property at any time for purposes of installing a gravel surface, fencing, and other improvements, and to park vehicles and construction equipment, and to stage and temporarily store construction and building materials, and for other similar purposes associated with the Development; and (2) a non-transferable, non-exclusive, license to utilize the CIC controlled parcel identified as 02500006400 for purposes of parking (not to exceed seventy five percent (75%) of the total parking spaces from the hours of 7:00 am until 4:00 pm daily, and not to exceed thirty three percent (33%) of the total parking spaces after 4:00 pm); and (3) the right to utilize the public parking garage located on Mill Street upon the same terms and conditions as that parking garage is made available to the general public, understanding that the parking spaces in the garage will be allocated on a first come first served basis and the City makes no representation or warranty as to the availability of parking spaces therein. Following completion of the Development, Developer shall remove, at Developer's sole cost and expense, all improvements made to the licensed property.

12.5 Critical Nature of Incentives. All incentives identified in this Article 12 are critical to the successful completion of the Development. The Parties agree to work cooperatively and at all times in good faith to apply for, obtain, and implement all of these incentives, and any future incentives that may be a benefit to the Development.

ARTICLE 13

TAXES AND IMPOSITIONS

13.1 Developer's Tax and Imposition Responsibility. Developer is responsible for, and shall pay or cause to be paid, all taxes associated with the Development Site, including but not limited to, all real

property taxes and assessments with respect to the Development Site. Developer shall make or cause to be made all such payments of taxes, assessments, charges or fees directly to the applicable authority before the same becomes overdue. The City shall reasonably cooperate with Developer to cause all applicable bills and statements that Developer is responsible for paying to be delivered directly to Developer and shall promptly deliver to Developer any such bills and statements that the City receives. Except as otherwise agreed, Developer or Developer's Affiliate, as applicable, shall have the right to contest the amount or validity in whole or in part of any tax, assessment, charge or fee by appropriate proceedings diligently conducted in good faith. If Developer or Developer's Affiliate, as applicable, institutes proceedings to contest the validity or amount of any tax, assessment, charge or fee, the City shall reasonably cooperate with Developer or Developer's Affiliate, as applicable, to the extent that the participation of the owner of the applicable portion of the Development Site is required.

ARTICLE 14

MORTGAGEE PROTECTIONS

14.1 The City and CIC acknowledge and agree that this Agreement neither prevents nor limits Developer or Developer's Affiliate, as applicable, from encumbering all or any portion of a parcel of the Property conveyed to Developer or Developer's Affiliate, as applicable, or improvement thereon by any mortgage or other security device securing financing with respect to such parcel of the Property after the time that the Developer has acquired fee simple title to the Development Site.

ARTICLE 15

INDEMNIFICATION AND EXCULPATION

15.1 Indemnification. (a) The Developer hereby releases the City, the CIC, and their respective officers, directors and employees, and its successors and assigns (collectively the "Indemnified Parties" and each an "Indemnified Party"), from, and agrees that the Indemnified Parties shall not be liable for and, indemnifies the Indemnified Parties against, all liabilities, claims, but excluding consequential damages, fines, penalties, costs and expenses, including out-of-pocket and incidental expenses and legal fees of in-house or outside counsel, imposed upon, incurred or asserted against any Indemnified Party (collectively, the "Liabilities" and each a "Liability"), other than any Excluded Liability (as defined below), on account of: (i) any loss or damage to property or injury to or death of or loss by any person that may be occasioned by any cause whatsoever pertaining to the acquisition, construction, installation and equipment of the Eligible Improvements; (ii) any breach or default on the part of the Developer or its Affiliates in the performance of any covenant, obligation or agreement of the Developer or its Affiliates under this Agreement, any contract for the construction of the Eligible Improvements or the Development, or other Transaction Document, or arising from any act or failure to act by the Developer or its Affiliates or any of its agents, contractors, servants, employees or licensees; (iii) the failure of the Developer or its Affiliates to comply with any requirement of this Agreement or any other Transaction Document; (iv) any failure of the Developer or its Affiliates to comply with the provisions of the Charter of the City, Ohio Revised Code Section 4115.05, or any other applicable provision of the Ohio Revised Code; (v) any action taken or omitted to be taken by an Indemnified Party pursuant to the terms of this Agreement or any other Transaction Document or any other related instrument or document, or any action taken or omitted to be taken by an Indemnified Party at the written request of or with the written consent of the Developer or its Affiliates; (vi) any and all costs reasonably related to and reasonably incurred by the City in connection with the City's efforts or the efforts of any other person to obtain from the State and the Franklin County

Auditor any rollback payments associated with the Development Site; (vii) any and all costs reasonably related to and reasonably incurred by the City in connection with the City's efforts to collect delinquent Service Payments; and (viii) any claim, action or proceeding brought with respect to any matter set forth in clause (i), (ii), (iii), (iv), (v), (vi), or (vii) above.

(b) "Excluded Liability" means each Liability to the extent it is attributable to gross negligence or willful misconduct of any Indemnified Party or, to the extent the Developer's ability to defend a Liability is prejudiced materially, the failure of an Indemnified Party to give timely written notice to the Developer of the assertion of a Liability.

(c) The Developer agrees to indemnify and hold the Indemnified Parties, harmless from and against all Liabilities (other than an Excluded Liability), and all reasonable costs and expenses, including out-of-pocket expenses and attorneys' fees incurred by an Indemnified Party as a result of the existence on, or release from, the Development, the Development Site, or any other lands related to the Development owned by the Developer or its Affiliates, or its related entities, of Hazardous Substances which in any way result from any act of omission or commission of the Developer or its Affiliates, its related entities or any of its agents, employees, independent contractors, invitees, licensees, successors, assignees or tenants or arising out of any federal state or local environmental laws, regulations or ordinances.

The Developer further covenants and agrees neither the Developer or its Affiliates nor any of its related entities, nor any of its agents, employees, independent contractors, invitees, licensees, successors, assignees or tenants will store, release or dispose of, or permit the storage, release or disposal of any Hazardous Substances at the Development Site at any time from and after the effective date of this Agreement other than in accordance with applicable federal, state and local law and regulation. In the event that any party to this Agreement receives a notification or clean up requirement under 42 U.S.C. §9601 et seq. or other Environmental Law, relating to the Development, the construction of the Eligible Improvements, or the Development Site that party shall promptly notify the other parties to this Agreement of such receipt, together with a written statement of such party setting forth the details thereof and any action with respect thereto taken or proposed to be taken, to the extent of such party's knowledge. On receipt by the Developer of any such notification or clean up requirement, the Developer shall either proceed with appropriate diligence to comply with such notification or clean up requirement or shall commence and continue negotiation concerning or contest the liability of the Developer with respect to such notification or clean up requirement. The Developer agrees to indemnify and hold the Indemnified Parties harmless from and against any and all Liabilities (other than an Excluded Liability) and all reasonable costs and expenses, including reasonable attorneys' fees, arising out of any federal, state or local environmental laws, regulations or ordinances, incurred by the Indemnified Parties as a result of any breach of this covenant or as a result of the presence of Hazardous Substances with respect to the Eligible Improvements or the Development.

(d) In case any claim or demand is at any time made, or action or proceeding is brought, against or otherwise involving an Indemnified Party, in respect of which indemnity may be sought hereunder, the person seeking indemnity promptly shall give notice of that action or proceeding to the Developer, and Developer upon receipt of that notice shall have the obligation and the right to assume the defense of the action or proceeding; provided, that failure of a party to give that notice shall not relieve the Developer from any of its obligations under this Section unless, and only to the extent, that failure prejudices the defense of the action or proceeding by the Developer. An Indemnified Party may employ separate counsel and participate in the defense, but the fees and expenses of such counsel shall be paid by the Indemnified Party unless (a) the Developer has failed to assume the defense and to employ counsel or (b) the named

parties to any such action (including any impleaded parties) include both an Indemnified Party and the Developer and such Indemnified Party shall have been advised by its counsel that there may one or more legal defenses available to it which are different from or additional to those available to the Developer, in which case, if the Indemnified Party notifies the Developer in writing that it elects to employ separate counsel at the Developer's expense, the Developer shall not have the right to assume the defense of such action on behalf of such indemnified party and the Developer shall be responsible for payment of the fees and expenses of such separate counsel. The Indemnified Party seeking indemnity hereunder agrees to fully cooperate with the Developer to the extent such cooperation does not prejudice the position of such Indemnified Party and lend the Developer such assistance as the Developer shall reasonably request in defense of any claim, demand, action or proceeding. The Developer shall not, nor shall any Indemnified Party, be liable for any settlement made without its consent.

(e) Nothing in this Agreement is meant to release, extinguish or otherwise alter or interfere with any rights which the Indemnified Parties may now or hereafter have against the Developer or its Affiliates, or any other person for any environmental liabilities as a result of the Developer's former, present or future ownership, occupancy or use of or interest in, any real property included in or in the vicinity of the Development Site.

(f) The indemnification set forth above is intended to and shall be enforceable thereby to the full extent permitted by law and shall, to the extent it relates to prior performance, survive the termination of this Agreement.

15.2 Waiver of Consequential Damages. In no event shall the Parties, their associated entities, or any of their respective directors, members, officers, officials or employees be liable to the other Party or Parties, or anyone claiming by, through or any of them, for any special, incidental, indirect or consequential damages whatsoever arising out of, resulting from or in any way related to this Agreement.

ARTICLE 16

EVENTS OF DEFAULT; TERMINATION

16.1 Developer Default. "Developer Default" shall mean any of the following:

16.1.1 failure of Developer to comply with any payment obligation under this Agreement and such failure is not cured within sixty (60) days after written notice from the City;

16.1.2 failure of Developer to comply with any non-monetary obligation under this Agreement and such failure is not cured within ninety (90) days after written notice from the City; provided, however, if such failure cannot be cured within such ninety (90)-day period, and Developer is expeditiously and continuously using best efforts to cure such failure, then Developer shall have such additional time as is necessary to cure such failure not to exceed a total of one hundred and twenty (120) days after Developer's receipt of the above written notice from the City;

16.1.3 the filing by Developer of a petition for the appointment of a receiver or a trustee, and such petition is not dismissed within sixty (60) days;

16.1.4 the making by Developer of a general assignment for the benefit of creditors, and such assignment is not dismissed within sixty (60) days; or

16.1.5 the entry of an order for relief pursuant to any Chapter of Title 11 of the U.S. Code, as the same may be amended from time to time, with Developer as debtor, and such entry is not dismissed within sixty (60) days.

16.2 Remedies for Developer Default. At any time as of which a Developer Default exists, the City and the CIC may, but shall not be obligated to undertake the following remedies:

16.2.1 at the City or CIC's sole discretion, after notice and an opportunity to cure as provided hereinabove, perform, or cause the performance of, any obligation of Developer under this Agreement and recover actual costs, expenses and reasonable fees incurred in connection with such performance from the TIF fund.

16.2.2 recover from Developer any sums of money that are due and payable by Developer to the City and the CIC under this Agreement up to the time of the default; or

16.2.3 terminate this Agreement and require the reconveyance of any portion of the Property that is still within the Re-Conveyance Period.

16.3 City Default. "City Default" shall mean failure by the City in the due and punctual payment, performance or observance of any obligation of the City under this Agreement and such failure is not cured by the City within ninety (90) days after written notice from Developer; provided, however, if such failure cannot be cured within such ninety (90)-day period, and the City is expeditiously and continuously using best efforts to cure such failure, then City shall take such additional time as is necessary to cure such failure not to exceed a total of one hundred twenty (120) days after the City's receipt of the above written notice from Developer.

16.4 CIC Default. "CIC Default" shall mean failure by the CIC in the due and punctual payment, performance or observance of any obligation of the CIC under this Agreement and such failure is not cured by the CIC within ninety (90) days after written notice from Developer; provided, however, if such failure cannot be cured within such ninety (90)-day period, and the CIC is expeditiously and continuously using best efforts to cure such failure, then CIC shall take such additional time as is necessary to cure such failure not to exceed a total of one hundred twenty (120) days after the CIC's receipt of the above written notice from Developer.

16.5 Remedies for City or CIC Default. At any time, after the cure period as provided herein, as of which a City Default or CIC Default exists, as applicable the Developer may immediately exercise one or more of the following non-exclusive remedies: (i) terminate this Agreement; and (ii) pursue any other legal or equitable remedies the Developer may have under this Agreement or Applicable Law.

16.6 Developer Right to Terminate and Re-Convey Property. Developer commits that it shall, at all times, pursue the Development contemplated herein with diligence and industry. Nonetheless, the Parties hereto acknowledge that unforeseen events may occur to frustrate the Parties' intended Development of the Property as contemplated herein. Accordingly, for the sake of clarity and notwithstanding anything to the contrary contained in this Agreement or any of the Transaction Documents, the Parties agree that Developer shall have the right, at any time during the Term of this Agreement, to terminate this Agreement with respect to all or any portion of the Property, and the parties hereto shall have no further right or obligation to one another hereunder or under any of the other Transaction Documents with respect to that portion of the

Property (except such obligations that expressly survive termination of this Agreement) provided that all of the following have occurred: (i) Developer has given the City and CIC written notice of its intent to terminate; (ii) Developer has not broken ground (as evidenced by the pouring of footers) on the Property it re-conveys to the City or CIC, as determined by the City; and (iii) Developer has re-conveyed the Property or portion thereof in question to the City or CIC, as determined by the City, together with a title insurance commitment indicating that the transfer is free and clear of all liens and monetary encumbrances.

ARTICLE 17

MISCELLANEOUS

17.1 Governing Law. This Agreement shall be governed exclusively by and construed in accordance with Applicable Law, without regard to its conflict of law provisions that would cause the application of the laws of another jurisdiction. Each party hereto (i) irrevocably consents to the exclusive jurisdiction of any state court located within Franklin County, Ohio, in connection with any matter based upon or arising out of this Agreement, (ii) agrees that process may be served upon them in any manner authorized by the laws of the State, and (iii) waives and covenants not to assert or plead any objection which they might otherwise have under such jurisdiction or such process.

17.2 Entire Agreement. This Agreement, together with all its exhibits and the incentive agreements (which remain to be negotiated), represent the entire and integrated agreement among the Parties concerning the Development and supersedes all prior negotiations, representations or agreements, either written or oral.

17.3 Relationship of Parties. Nothing contained in this Agreement shall be deemed or construed, either by the Parties or by any third party, to create the relationship of principal and agent or to create any partnership, joint venture or other association between Developer, the City, and the CIC.

17.4 Periodic Review. This Agreement shall be reviewed periodically (no more than quarterly) by the Parties. At the review, Developer and its Affiliates shall provide such information as shall be reasonably required by the City to demonstrate good faith compliance with the terms of this Agreement.

17.5 Mutual Consent; Approvals. This Agreement may be canceled or modified by the mutual written consent of (A) Developer, on the one hand, and (B) the City acting through the Mayor, as authorized by the City Council.

17.6 Waivers. All waivers of the provision of this Agreement must be in writing and signed by the appropriate authorities of the City and Developer, and all amendments hereto must be in writing and signed by the appropriate authorities of the City and Developer. No consent or waiver, express or implied, by either party to or of any breach of any covenant, condition, or duty of the other party shall be construed as a consent or waiver to or of any other breach of the same or any other covenant, condition or duty to be observed by the other party.

17.7 Municipal Power. Nothing in this Agreement shall be construed to be in derogation of the powers granted to the municipal corporations by Article XVIII of the Ohio Constitution, including the right to protect the health, safety and welfare of its citizens.

17.8 Assignment. This Agreement shall be binding on the parties and their respective successors and assigns. The parties acknowledge that substantial time and effort have been invested in the negotiation of this Agreement, and the City has entered into this Agreement with an understanding of the unique capabilities of the Developer, and, therefore, any assignment of this Agreement by the Developer shall be subject to the prior written consent of the City, which consent shall be granted in the City's sole discretion and may only be made to a person or entity or group of persons or entities financially capable of completing the Development and the Eligible Improvements; provided, however, that the Developer may assign this Agreement in whole or part to one or more Affiliates and may collaterally assign this Agreement in whole or part to one or more Lenders without the Parties' consent. An assignee shall only be obligated to perform the obligations specifically identified in the assignment. Any such assignment shall expressly provide that the assignee shall comply with all the terms and requirements of this Agreement as to the obligations assumed by the assignee hereunder, such assignee shall be deemed to be in default and subject to remedies hereunder only with respect to the obligations assigned to such assignee, and such assignee shall not be liable for defaults by the Developer or another assignee.

17.9 No Individual Liability. No official, officer, director, member, representative, agent or employee of the City shall be personally liable to Developer or any successor in interest, in the event of any default or breach by the City or for any amount which may become due to Developer or successor or on any obligation under the terms of this Agreement. No officer, director, member, representative, agent or employee of the Developer shall be personally liable to the City or any successor in interest, in the event of any default or breach by the Developer or for any amount which may become due to the City or successor or on any obligation under the terms of this Agreement.

17.10 Amendments. Except as otherwise provided herein, no amendment to this Agreement shall be valid unless executed by an instrument in writing by the Parties hereto with the same formality as this Agreement.

17.11 Consent in Writing. Unless otherwise specifically provided herein, no consent or approval by a Party permitted or required under the terms of this Agreement shall be valid unless the same shall be in writing, signed by the Party by or on whose behalf such consent is given.

17.12 Captions. The captions contained in this Agreement are for convenience and reference only and in no way define, describe, extend or limit the scope or intent of this Agreement or the intent of any provision contained herein.

17.13 Notices. Except as otherwise specifically set forth in this Agreement, all notices, demands, requests, consents or approvals given, required or permitted to be given hereunder shall be in writing and shall be deemed sufficiently given if actually received or if hand-delivered or sent by recognized, overnight delivery service or by certified mail, postage prepaid and return receipt requested, addressed to the other Parties at the address set forth in this Agreement or any addendum to or counterpart of this Agreement, or to such other address as the recipient shall have previously notified the sender of in writing, and shall be deemed received upon actual receipt or refusal, unless sent by certified mail, in which event such notice shall be deemed to have been received when the return receipt is signed or refused. 17.14 Severability. In the event that any provision or portion of this Agreement is determined to be unconstitutional, unenforceable or invalid, such provision or portion of this Agreement shall be stricken

from and construed for all purposes not to constitute a part of this Agreement, and the remaining portion of this Agreement shall remain in full force and effect and shall, for all purposes, constitute this entire Agreement.

17.15 Counterparts. This Agreement may be executed by the parties in separate counterparts, each of which when so executed and delivered shall be an original, but all such counterparts shall together constitute but one and the same instrument. Delivery of an executed counterpart of this Agreement by electronic means shall be equally as effective as delivery of a manually executed original counterpart of this Agreement.

17.16 Contract Language. The language used in this Agreement shall be deemed to be the language chosen by the Parties hereto to express their mutual intent, and no rule of strict construction shall be applied against any Party. This Agreement has been negotiated at arm's length and between persons sophisticated and knowledgeable in the matters dealt with herein. In addition, each Party has been represented by experienced and knowledgeable legal counsel. Accordingly, this Agreement shall be interpreted to achieve the intents and purposes of the Parties, without any presumption against the Party responsible for drafting any part of this Agreement,

17.17 Survival of Provisions. Any provision of this Agreement which, by its nature, is intended to survive the expiration or other termination of this Agreement will so survive and will benefit the Parties and their respective successors and permitted assigns.

17.18 Recording. This Agreement will not be recorded with the Franklin County Recorder; provided, however, the Parties agree to record the Memorandum, a form of which is attached as **Exhibit E**.

17.19 Time for Performance. If any Party is delayed in the completion of its obligations hereunder by Force Majeure, then the time herein fixed for completion of such obligations hereunder shall be extended by the number of days that the delayed Party has thus been delayed. The delayed Party shall provide the other Party hereto with written notice of any delay within ten (10) days after such Party has knowledge of both the circumstances that are the cause of the delay and the delay caused by those circumstances; provided, however, that only one notice is necessary in the case of a continuing delay.

17.20 Good Faith. Whenever in this Agreement any Party is required or permitted to grant approval or consent, take any action or request any other Party to take any action, make decisions or otherwise exercise judgment as to a particular matter, arrangement or term, the Party granting such approval or consent, taking or requesting such action, making decisions or otherwise exercising judgment shall act reasonably and in good faith and, in the case of approvals or consents, shall act with all deliberate speed in making its determination of whether or not to approve or consent to any particular matter and shall not impose conditions on the granting of such approval or consent that the approving or consenting Party does not believe are necessary in connection with such approval or consent.

17.21 Public Records. This Agreement is a public record subject to disclosure under the State's public records law, including Section 149.43 of the Ohio Revised Code (the "Public Records Law") and nothing in this Agreement shall be interpreted or construed to conflict with that law or the disclosure obligations thereunder. In the event of a public record request made to the City pursuant to and in accordance with the Public Records Law, Developer agrees to cooperate with the City so the City can comply with any such public record request; provided, however, that the City shall not disclose any document marked "confidential" or "trade secret" without providing five business days prior notice to Developer of the City's

intent to disclose the document in order for the Developer to have the opportunity to obtain an injunction against such disclosure. To the extent required by the laws of the State, Developer shall permit any authorized representative of the City or the Auditor of the State to audit and inspect any and/or all Eligible Improvements and related records necessary to prepare financial reports or conduct audits. If, in the absence of a protective order or restraining order, the City, or the CIC is compelled as a matter of law to disclose confidential information then the City, or the CIC will disclose only that portion of said information or documents as is required by law or approved by the Developer. The Developer will defend and indemnify the City in any challenge to the City's refusal to release certain information based on the Developer's claim that the information is confidential and not subject to release.

17.22 Further Assurances. The Parties shall take or cause to be taken any and all other further actions reasonably necessary, required or requested of the other Parties in order to effectuate the terms and conditions herein.

17.23 City Financial Obligations. All payment obligations of the City hereunder are expressly subject to appropriation by City Council of funds necessary to make those payments and are binding on City only to the extent of such appropriation. Any of the City's payment obligations under this Agreement do not constitute an indebtedness of the City within the provisions and limitations of the laws and the Constitution of the State, and the Developer does not have the right to have taxes or excises levied by the City for the payment of any amount owed by the City hereunder. Except for providing the TIF as described herein, the City has no responsibility for the financing, design or construction of the Eligible Improvements, and the general fund of the City shall not be obligated with respect to any other City payments under this Agreement.

17.24 Litigation Notice; Management. The Developer shall give the City prompt notice of any action, suit or proceeding by or against the Developer, at law or in equity, or before any governmental instrumentality or agency, of which that Developer has notice, which, if adversely determined, would materially impair the right or ability of the City or the Developer to implement and operate the Eligible Improvements, or would materially impair the right or ability of the Developer to implement, operate, maintain and develop the Development on the Development Site or would materially and adversely affect any of its business, operations, properties, assets or condition (financial or otherwise) together with a written statement setting forth the details thereof and any actions with respect thereto taken or proposed to be taken by the Developer in response thereto.

17.25 Income Tax. The Developer shall withhold all City income taxes due or payable under the provisions of the Income Tax Ordinance for wages, salaries and commissions paid to its employees (if any) pursuant to Chapter 161 of the Codified Ordinances of the City. The Developer shall use commercially reasonable efforts to require contractually, its contractors (i) to withhold any such City income taxes due for services arising from or in relation to the Development or this Agreement, (ii) to pay the same to the City when due, and (iii) to provide, upon request of the City, an accounting of the number of days worked by each employee, contractor, or subcontractor of such entity at the Development Site. The Developer shall provide the City upon the City's request with a list of all of the Developer's general contractors and use commercially reasonable efforts to provide a list of the subcontractors of those general contractors and their employees working on the Development and the Eligible Improvements. Upon request of the City (with a reasonable time to respond), the Developer shall submit, in a format reasonably acceptable to the Finance Director, a report of all wages paid to its employees that performed work in the City with respect to the

Development, and, upon request of the City (with a reasonable time to respond), an accounting of the number of days worked by each such employee at the Development Site.
