Constant Pearson, Communications Technician I**

Mayor Jadwin invited Constant "Connie" Pearson and Director of Public Safety Tim Becker to come forward. Director Becker stated that the evening was momentous for him, as Connie was the first communications technician hire during his two and a half years with the City of Gahanna to fully complete training. He noted that the job required rigorous preparation and expressed excitement that she had completed the program and was now serving independently. He then invited Chief of Police Jeff Spence to share remarks. Chief Spence explained that the department had been diligently working over the past year to bring more communications technicians into

the role. He recognized MaCayla Fullum, who was nearing the completion of her training. He described the training as a challenging six-to-seven-month process covering 911 calls, non-emergency calls, radio traffic, and the technology used in the communications center. He praised Connie for completing the program successfully while maintaining a positive attitude. Chief Spence also acknowledged the contributions of Angie Collins, center manager, and Louise Jones, training officer. He expressed optimism about completing training with MaCayla and continuing to build the team. Mayor Jadwin commended Connie, describing her as a “superstar” who had handled difficult calls with a consistent smile. She then administered the oath of office, officially swearing Connie in as a communications technician for the Gahanna Division of Police. Following the oath, attendees applauded.

President Bowers congratulated Connie and her family on behalf of City Council. She emphasized that dispatchers served as the calm voice in emergencies and the first line of help when residents needed it most. 1. Mayor

Mayor Jadwin thanked the hundreds of residents who attended the Our

Gahanna Sweet Celebration event the previous Tuesday, August 26, 2025, where the City unveiled a draft of the Our Gahanna strategic plan. She reported that residents engaged in the process by asking questions and providing feedback. The event filled the plaza for three hours, with staff present to monitor the information boards. For those unable to attend, Mayor Jadwin explained that several "road show" events would be held through September 20, 2025, including one that had taken place earlier that day at the library. She noted that residents could find dates, times, and locations at ourgahanna.com, where a survey was also available through September 20. She encouraged residents to take the survey to ensure their voices were heard in shaping the community's vision for the future.

Mayor Jadwin reminded Council that two weeks earlier, Senior Director Schultz had presented flood mitigation efforts for Creekside. That presentation outlined the work required to meet FEMA requirements and included preliminary concepts for additional improvements to enhance accessibility, environment, and aesthetics at Creekside Plaza. At the Our Gahanna event, the City shared renderings of these concepts with the community. Feedback was overwhelmingly positive, with residents also offering new suggestions. She announced that a community conversation would take place on Wednesday, September 24, 2025, from 7:00 to 8:30 p.m. at the Creekside Conference and Event Center. The meeting would provide further discussion of the renderings and the community's vision for the Creekside District.
