**To:** Gahanna City Council  
Clerk of Council

**From:** Kevin Schultz, Senior Director of Operations  
Holly Boyer, Senior Utilities Engineer  
Mayor Laurie A. Jadwin

**Cc:** Priya D. Tamilarasan, Esq. City Attorney  
Joann Bury, Director of Finance

**Date:** January 16, 2026

**Re:** Department of Engineering – Request for Council Action (January 26, 2026 Committee)

#### ACTION ITEMS

##### ACTION ITEM #1: CONTRACT AMENDMENT FOR THE TAYLOR ROAD WATERLINE ST-1121 (WA-24-01) - RESOLUTION

The design contract for the Taylor Road waterline replacement was under the procurement thresholds requiring Council action. The original contact included design services, construction administration, inspection services (CA\CI), and other related services that support construction. The addition of sidewalks along Taylor Road was not in the original scope of the project and therefore not included in the original contract total (\$242,400.00).

The Administration respectfully requests a contract modification adding \$69,721.80 to the existing Fishbeck contract for the additional CA/CI and other related services that support construction. These additional funds are already allocated as part of this capital improvement. This addition will bring the contract total to \$312,121.80, which is above the procurement threshold requiring Council action.

The Administration is respectfully requesting a Resolution authorizing the Mayor to enter into a contract modification for the Taylor Road Waterline Replacement Project.
