ACTION ITEMS

ACTION ITEM #1: A MOTION AUTHORIZING

The City manages nearly 1,900 streetlights located throughout the city. These lights require periodic maintenance including painting. Each year, a subset of poles are painted as part of the maintenance cycle. The 2024 Program will include the painting of approximately 300 streetlights throughout the City. The area with the highest concentration of streetlights in poor condition due to their age will be the focus of the program.

The Administration respectfully requests permission to bid streetlight painting services for the year 2024.
