

REQUEST FOR PROPOSALS

June 22, 201

Attn: Roland Hall

Building: 121 Mill Street
Gahanna, Ohio 43230

Work to be Accomplished: Demolition

The property located at 121 Mill Street is no longer suitable for occupancy and requests for quotations are solicited to demolish the building.

The following will be required:

1. Demolish the building and remove all debris from the area.
2. Remove all cinder blocks, concrete, wood, metal, plumbing, electrical wiring, etc., from the basement and fill in the basement area with acceptable fill dirt. The basement area must be fully compacted to allow asphalt overlay. Until further development occurs, the site will be used for vehicle parking purposes. (The asphalt overlay will be accomplished by the City of Gahanna.)
3. Leave the building site in a suitable condition for redevelopment.
4. ~~Prior to demolition, an appropriate EPA representative must be contacted to remove all asbestos (if any) from the job site. The asbestos report is to be furnished by the successful demolition contractor.~~ *l.s.*
5. The City of Gahanna officials have contacted the gas, electric, and phone companies to disconnect all utilities and remove all appropriate meters from the building. The City water has been disconnected and the meter removed from the premises.

Quotation: \$ ~~9,950.00~~ NINE THOUSAND NINEHUNDRED FIFTY DOLLARS

Estimated time to complete the job after notice to proceed: 3 WORKING DAYS (three)
