Yes: 6 - Leeseberg, Schnetzer, Larick, McGregor, Angelou and Bowers

Leeseberg stated that while the proposal says that EMH&T would come back to Council to discuss the 2022 program, City Attorney Mularski stated at the last meeting that the Administration would not necessarily need to; we would pay EMH&T to inspect for ADA requirements but they are basically saying that they are not to be held liable for things that don't meet the fluid requirements and regulations. Angelou asked if that language was usual. Leeseberg stated that it is. Mayor Jadwin stated

that is typical language. Bowers stated that section 3 of the ordinance does require the Administration to provide the cost once received, so we will have additional information; the responsibility falls to the city for ADA compliance. Larick stated that there is a requirement for the city to enforce ADA compliance; regarding this being an emergency, can support as a single year program; makes no sense to do two year programs; would like to reevaluate next year. Mayor Jadwin stated that one-year cycle does not provide enough evidence of its effectiveness.

A motion was made by Schnetzer, seconded by McGregor, that the Ordinance be Adopted, as Amended, as an Emergency. The motion carried by the following vote, but emergency failed:

Yes: 4 - Schnetzer, McGregor, Angelou and Bowers

No: 2 - Leeseberg and Larick
