He emphasized that the organization maintained a global presence. Mr. Kenimer stated that he wanted to make Council and the Mayor aware that RRT remained available to assist with both reactive and proactive needs. He noted that he had shared his contact information with Clerk VanMeter, Mayor Jadwin, and Chief Spence and encouraged officials to reach out if needed. [ORD-0007-2026](#) AN ORDINANCE TO ACCEPT THE ANNEXATION OF
APPROXIMATELY 7.6 ACRES FROM JEFFERSON TOWNSHIP,
FRANKLIN COUNTY, OHIO, TO THE CITY OF GAHANNA; LOCATED
AT 4736 AND 4722 JOHNSTOWN ROAD (PARCEL ID NOS.
170-000068 AND 170-000069).

The Clerk read the Ordinance by title.

Councilmember McGregor stated that she would support the annexation.
She noted that the property lay in Jefferson Township and that the City
had no control over how the township might zone the property or what
could be built there. She expressed her belief that the property would be
better situated within the City, particularly because it bordered several
City properties. She described the parcel as an orphan property within

Jefferson Township and stated that annexation would allow the City to provide water and sewer services to support quality development.

President Weaver thanked all individuals who had worked on the item and shared their insights throughout the months-long process. He also thanked residents who had reached out or met with the applicant and acknowledged their presence at the meeting. President Weaver stated that, if approved, the rezoning application and development plan would follow, noting that multiple steps remained in the process. He thanked Trivium and the applicant for meeting with neighboring residents and expressed his belief that the applicant remained committed to delivering a quality project and being a good neighbor. He stated that annexation concerned site control and noted that a project would proceed on the properties regardless of whether the City or Jefferson Township retained control. He expressed his belief that property owners had the right to develop their property within the code. He stated that it remained unclear what development might occur if the parcels remained in Jefferson Township. President Weaver stated that he represented Ward 4 residents and that he aimed to reflect their wishes in his decision-making. He stated that, if the annexation were approved, he would work with residents and the applicant to ensure the final development aligned with community interests. He concluded by stating that he would vote no on the annexation.

A motion was made by Renner, seconded by Jones, that the Ordinance be Adopted. The motion carried by the following vote:

Yes: 5 - Jones, McGregor, Padova, Renner and Schnetzer
