# OHIO MUNICIPAL JOINT SELF-INSURANCE POOL

The Ohio Municipal Joint Self-Insurance Pool (OMJSP) was established in 1987 with the goal of providing member municipalities coverage in the areas of general liability including public officials, police, firefighters, EMS, auto liability and property. Within the terms of the participation agreement, OMJSP is a risk-sharing system whose members agree to make a contribution sufficient enough to pay expenses, claims and a surplus donation. Members are solely Ohio municipalities.

The pool an unincorporated, statutory entity that is tax-exempt, and managed by its member municipalities. It is governed by a Board of Trustees, elected through written ballot or appointed by the board, which consists only of elected or appointed officials of a member municipality.

BOARD OF TRUSTEES	
TRUSTEE	POSITION/MUNICIPALITY
Mark Beckdahl	Director of Finance, City of Springfield
Matthew Kline	Village Administrator, Village of West Milton
Michael Mallis	City Manager, City of Bedford
Kevin Knowles	City Auditor, City of Alliance
Renee Sonnett	Financial Officer, Village of Plain City

OMJSP provides risk management and loss control services through seminars, on-site surveys of exposures and special safety programs.

- Provides help to our members in the control and avoidance of injuries, the management of their risk and the settlement of damages.
- Provides stability of price with reasonable rates, offering secure protection over the long haul, the pool's pricing is consistent and adequate to ensure member protection and the long-term life of the Pool.
- Provides underwriting consistent with the goals and objectives of the Pool. We know the risks and examine the experience of each member in formulating our pricing.
- Provides outstanding claims administration by a nationally recognized third-party administrator.
- Provides litigation management consistent with the needs of its members.
- Provides reinsurance for the Pool against major losses. Great American and Fireman's Fund currently provide reinsurance. This reduces the Pool's net financial exposure for claims activities to levels considered appropriate regarding our financial resources, thus providing greater financial stability

MEMBER DISCLOSURE STATEMENT  
UNDER  
TERRORISM RISK INSURANCE ACT OF 2002

You are hereby notified that under the federal Terrorism Risk Insurance Act of 2002 (the "Act") effective November 26, 2002, you now have a right to purchase self-insurance coverage for losses arising out of an Act of Terrorism, which is defined in the Act as an act certified by the Secretary of the Treasury (i) to be an act of terrorism, (ii) to be a violent act or an act that is dangerous to (A) human life; (B) property or (C) infrastructure, (iii) to have resulted in damage within the United States, or outside of the United States in case of an air carrier or vessel or the premises of a U.S. mission and (iv) to have been committed by an individual or individuals acting on behalf of any foreign person or foreign interest, as part of an effort to coerce the civilian population of the United States or to influence the policy or affect the conduct of the United States Government by coercion. You should read the Act for complete description of its coverage. The Secretary's decision to certify or not to certify an event as an Act of Terrorism and thus covered by this law is final and not subject to review. There is a \$100 billion dollar annual cap on all losses resulting from Acts of Terrorism above which no coverage will be provided under this contract and under the Act unless Congress makes some other determination.

For your information, coverage provided by this contract for losses caused by an Act of Terrorism may be partially reimbursed by the United States under a formula established by the Act. Under this formula the United States pays 90% of terrorism losses covered by this law exceeding a statutorily established deductible that must be met by the re-insurer's, and which deductible is based on a percentage of the re-insurer's direct earned premiums for the year proceeding the Act of Terrorism.

Unless you sign this coverage provision and return it to us rejecting Terrorism Coverage under the Federal Act, you will be covered for Terrorism as defined in the Act and your contribution for that coverage is \$780.

\_\_\_\_\_ I hereby reject coverage in accordance with the Act.

# DISCLOSURES & DISCLAIMERS

## OUR COMPENSATION

AssuredPartners agencies typically receive compensation in the form of commissions paid as a percentage of the premiums due the applicable insurance companies. In other cases, and depending on various State laws and the capacity in which our agency is acting, our agencies may receive other forms of compensation, such as contingents, overrides, profit-sharing, premium finance fees, expense reimbursements, producer subsidies, award trips and the like. We also earn interest on premiums we hold until it is time to pay the applicable insurance companies.

Our overriding desire is to provide great customer service, having you, the customer, believe we have earned our compensation. We believe in full disclosure of our compensation. Accordingly, if you have any questions about the compensation we receive from your policies (including policies we propose to you), please just ask your account representative, who will gladly provide you a summary of our compensation arising from your policies (some estimation may be necessary, for example where contingents are involved).

We thank you for the opportunity to serve and appreciate your interest.

## DISCLOSURE PURSUANT TO TERRORISM RISK INSURANCE ACT

### TERRORISM COVERAGE AND PREMIUM

In accordance with the federal Terrorism Risk Insurance Act (as amended "TRIA"), we are required to make coverage available under your policy for "certified acts of terrorism." The actual coverage provided by your policy(ies) will be limited by the terms, conditions, exclusions, limits, and other provisions of your policy(ies), as well as any applicable rules of law.

The portion of your premium attributable to this terrorism coverage is shown in the premium section(s) of this quote proposal or binder.

### DEFINITION OF CERTIFIED ACT OF TERRORISM

A "certified act of terrorism" means an act that is certified by the Secretary of the Treasury, in accordance with the provisions of TRIA, to be an act of terrorism under TRIA. The criteria contained in TRIA for a "certified act of terrorism" include the following:

1. The act results in insured losses in excess of \$5 million in the aggregate, attributable to all types of insurance subject to TRIA; and
2. The act results in damage within the United States, or outside the United States in the case of certain air carriers or vessels or the premises of an United States mission; and
3. The act is a violent act or an act that is dangerous to human life, property or infrastructure and is committed by an individual or individuals acting as part of an effort to coerce the civilian population of the United States or to influence the policy or affect the conduct of the United States Government by coercion.

### DISCLOSURE OF FEDERAL SHARE OF TERRORISM LOSSES UNDER TRIA

The United States Department of the Treasury will reimburse insurers for 85% of insured losses that exceed the applicable insurer deductible. Effective January 1, 2016, this percentage will be reduced to 84%, effective January 1, 2017 to 83%, effective January 1, 2018 to 82%, effective January 1, 2019 to 81%, and effective January 1, 2020 to 80%.

However, if aggregate industry insured losses under TRIA exceed \$100 Billion in a calendar year, the Treasury shall not make any payment for any portion of the amount of such losses that exceeds \$100 billion. The United States government has not charged any premium for their participation in covering terrorism losses.

CAP ON INSURER LIABILITY FOR TERRORISM LOSSES

If aggregate industry insured losses attributable to "certified acts of terrorism" under TRIA exceed \$100 Billion in a calendar year, and we have met, or will meet, our insurer deductible under TRIA, we shall not be liable for the payment of any portion of the amount of such losses that exceed \$100 billion. In such case, your coverage for terrorism losses may be reduced on a pro-rata basis in accordance with procedures established by the Treasury, based on its estimates of aggregate industry losses and our estimate that we will exceed our insurer deductible. In accordance with the Treasury's procedures, amounts paid for losses may be subject to further adjustments based on differences between actual losses and estimates.
