PROSPER

What We Do

Move to PROSPER is a three-year program that **empowers** low-wage families and their children to gain **economic security**. Our pilot families raised their incomes by 58%, or \$17,000 on average, and improved their mental and physical health.

We **equip families with tools** they need to flourish, including career and financial coaching. Our partial rental support enables them to move to neighborhoods with quality housing, better schools and a safe environment for their children. Working together, Move to PROSPER families set and achieve their personal goals.
