A. CALL TO ORDER - Invocation, Pledge of Allegiance, Roll Call

Gahanna City Council met in Regular Session on Monday, March 5, 2018, in Council Chambers of City Hall, 200 South Hamilton Road, Gahanna, Ohio. President of Council, Brian D. Larick, called the meeting to order at 7:00 p.m. Vice President of Council, Jamie Leeseberg, delivered an Invocation followed by the Pledge of Allegiance. Agenda for this meeting was published on March 2, 2018.

Present 7 - Karen J. Angelou, Jamie Leeseberg, Stephen A. Renner, Michael Schnetzer, Brian D. Larick, Brian Metzbower, and Nancy R. McGregor

B. ADDITIONS OR CORRECTIONS TO THE AGENDA.

[ORD-0003-2018](#) TO REZONE 5.7316+/- ACRES OF PROPERTY TO SUBURBAN OFFICE (SO); SAID PROPERTY LOCATED AT 748 AND 760 TAYLOR ROAD; PARCEL ID NO. 025-003911 AND 025-003928; TRILOGY; ROSS OBERHAUSEN, APPLICANT.

Larick asked for Assistant City Attorney Kristin Rosan to review procedural response on appropriate steps; Rosan said under Rules of Procedure, the Council for the City of Gahanna, Article 14.10, states any rule contained herein for a specific instance by majority vote of Council, provided such action is not in violation of the Charter of the City of Gahanna or the laws of the State of Ohio; if the motion is to suspend rule relating to same day reconsideration; will not be prohibited by Charter or State of Ohio; the motion would be pursuant to 14.10 to suspend 11.14s limitation to reconsideration to the same meeting.

A motion was made by Leeseberg, seconded by Metzbower, to suspend the

City Council Rules of Procedure, in regards to Section 11.14, reference ORD-0003-2018.

Discussion on the Motion: Schnetzer asked motioning parties for justification behind this or motivation; Leeseberg said has come to his attention there is new information available; one party who spoke against project is now in favor; also understands the new land use plan draft impacted decision; now understands it will not be significantly different from what is currently planned for that area; believe we need to look at an \$18 million dollar project; Schnetzer said his position is that the information was available; was aware of the jobs and the investment; being a Council liaison for the Land Use Plan Steering Committee, cannot speak to how this area will change; think the proper procedure is if there is a change to the application, or new information, would be appropriate to resubmit rather than ask Council to suspend rules; this seems to be a pattern of this particular law firm when, in layman's terms, "things do not go their way"; should not have a second set of rules for that party; recommends they resubmit the application; McGregor asked if this will be sent back to Committee; Larick said current motion is to suspend rules; will be another motion to bring ORD-0003-2018 back to a regular meeting and discuss at next week's committee; McGregor asked how long we have known this was in the works tonight; Leeseberg said did not know how to do it procedurally two weeks ago; was working on this; added that this did not fail two weeks ago, this was a tie vote due to an absence; was a project recommended by staff; Metzbower said point of clarification this is for simple suspension of the rules; Larick confirmed said with regard to ORD-0003-2018.

The motion carried by the following vote:

Yes: 4 - Angelou, Leeseberg, Renner and Metzbower

No: 3 - Schnetzer, Larick and McGregor

After motion complete: Angelou asked that the people that have spoken against this project be notified; Larick said as means of process, will do that for his constituents; have a communication path that we can do that through Council.

A motion was made by Leeseberg, seconded by Metzbower, to reconsider ORD-0003-2018 at the next Regular Council Meeting on March 19, 2018 and to discuss in Committee of the Whole on March 12, 2018.

Discussion on the Motion: Schnetzer said again, disappointed that this tactic is being deployed; think about the public; presumably this will be given another introduction at Committee and come back; argue that is a short time frame for those that wish to speak and have time conflicts; those folks will be under represented; those with a hand in this are over represented; disagree that this is the correct path; believes proper path is resubmitting application; want key stakeholders adequate time to be involved; McGregor said will disclose that her nephew lives 3 doors next to this property; his opinion or non-opinion has no bearing on this case; wanted to disclose that information and say it does not impact her decision; Leeseberg added that this did go through proper channels; McGregor said the proper channel is City Council and it already went through Council appropriately; is not just to Planning Commission and done; comes to us for a reason; Schnetzer said it did go through those

channels and application was not approved; seems to be unsatisfactory to applicant; difficult for him to view this other than trying to gain the upper hand in this process; rather than allowing all key stakeholders to be involved.

The motion carried by the following vote:

Yes: 4 - Angelou, Leeseberg, Renner and Metzbower

No: 3 - Schnetzer, Larick and McGregor
