SUBJECT: Design Modifications for US-62 Improvements.

---

W.E. Stilson Consulting Group respectfully requests consideration by the City of Gahanna for modification of the current agreement for design services associated with US-62 Roadway Improvements (Beecher Road to YMCA Place). We deem the following items of work to be out of-scope:

- Additional field survey along 700' of Dark Star Ave. in order to provide complete base mapping along the proposed storm sewer outfall. The original plan prepared in 2003 utilized Franklin County GIS mapping, which did not provide sufficient topographic information (trees, landscaping, etc.).
- Redesign of the Dark Star Ave. storm sewer outfall to minimize impacts to the abutting properties. We anticipate that the proposed sewer profile will be raised, and the alignment modified in order to locate the proposed sewer under the sidewalk.
- Addition of a 5' sidewalk along the north/west side of US-62 from Beecher Road to YMCA Place. The original design only included multi-use path along the south/west side of US-62. Design revisions will include minor modifications to the storm sewer location to accommodate the sidewalk addition.

Plan sheets and quantities will be updated as a result of the above modifications. Our estimated fee breakdown is noted as follows:

Field Survey along Dark Star Ave.	=	\$1,200.00
Design of sewer outfall on Dark Star Ave. (Includes incorporation of new survey)	=	\$1,260.00
Addition of sidewalk on north/west side of US-62	=	\$2,100.00
<b>TOTAL COST</b>	<b>=</b>	<b>\$ 4,560.00</b>

We are available at your convenience to discuss this proposal in more detail, if necessary.
