while driving a primary offense in Gahanna, with incremental penalties for repeat offenses and for amount of harm caused; include on the April agenda for the Safety Committee: modernizing the current policy for employee use of e-devices while driving, adding questions to the safe driving behaviors section of the wellness program questionnaire about distracted driving, lastly, review the website for National Safety Council and Network of Employers for Traffic Safety for more ideas; stated that a copy of these ideas was provided to the Clerk in addition to the image for the magnetic bumper sticker; also included a copy of an article which she assisted in writing, which would be included in the Ohio Chamber of Commerce newsletter and next issue of Cities & Villages.

N. COUNCIL COMMENT

Angelou thanked McCasland again, and all those people who volunteer in the theater; arts are so good for the community; Char worked so hard for the city and she's a wonderful woman; thanked Montgomery for coming to talk about distracted driving; is an important thing.

Schnetzer said referring to the addition to MORPC, county of Logan, the city of Logan are different; city of Logan has within the past few years went from 1.5% income tax to 2.5%; voted for a new city pool; found that striking compared to our city needs; also referring to gas tax, have been following that; all the reasons cited are the same reasons we have cited a certain amount for tax increase; perhaps there was a focus on the ask amount and not the needs; same thing as here should issue 12 not pass; city is not unique, this is happening across the country; but what to do about it.

Metzbower thanked Montgomery, said we must be ever vigilant about distracted driving; thanked her for keeping us aware; thanked Angelou for recognizing Char because that's what makes us a community and a home where people want to live; issue 12 will have door to door this Saturday; check out their website for more info or reach out to me.
