The Employee shall be allowed injury leave with pay, according to the schedule in Section 6, for each service connected injury (hereinafter "Duty Injury"), provided such injury is reported to the employee's immediate Employee within six (6) hours of such injury. Notice provided after six (6) hours will be acceptable only where there are circumstances to justify the delay and in no case will injury leave be granted if the required notice is given more than twenty-four (24) hours after the injury. In the absence of the employee's immediate Employee, the injury may be reported to any management person in the Department. Any request for Duty Injury leave is subject to approval by the Department Head and the Human Resources Department before it will be effective.

A report of the cause of all injuries, signed by the Employee, the Department Head and the employee, shall be submitted to the Human Resources Department within two (2) work days of the date of the injury, on forms designed and furnished by the City. If the physician designated by the City is of the opinion that the Employee is capable of performing his regular duties, the Employee will be instructed to return to work. If the physician recommends that the Employee is able to perform restricted work duties for a period of time, the Employee may be recalled to work if there is light duty work available which the employee is qualified to perform. If the Employee is injured to the extent that he/she is unable to perform his/her regular duties after the maximum injury leave allowance, but is capable of performing other duties which are available to him/her in the municipal service, the Department Head to whom he/she will be assigned upon his/her return may submit a statement of his/her new duties to the Civil Service Commission and the Commission, after due investigation, may classify the job and recommend a new range to Council, if an appropriate classification and pay range does not already exist covering the work to be performed. If the injured Employee elects to return to work, he/she shall be employed in the new classification and at the appropriate rate within the range for that class. If the Employee is able to resume his/her former duties at any point in time within one (1) year of the original injury, he/she shall be restored to his/her previous job at the Step at which he/she was paid when the injury occurred. This provision does not require the City to create work or otherwise provide work or create a job where none exists.

Section 6. Duty Injury Leave Benefits

Employees who have verified duty injuries shall be eligible for duty-injury leave at full pay for nine (9) months subject to re-evaluation at any time. An employee on duty-injury leave shall not accrue sick leave or vacation time.

The Employee, if injured while on duty, shall file for the Workers' Compensation benefits according to the Workers' Compensation Law and regulations. Such filing may include requests for any available temporary total compensation program designed to compensate workers for lost wages. Copies of all filings shall be submitted to the Human Resources Department. The requirement for reimbursement by the Employee of temporary total compensation will cease at the time the city ceases duty injury leave payments. In the event the City elects to have the employee apply for Temporary Total Disability (TTD) benefits, the employee will be required to reimburse the City for all TTD benefits received for any period of injury leave.

Should the employee receive Duty Injury leave, and one of the following occurs: The Employee is determined to be ineligible for temporary total benefits under Bureau of Workers' Compensation guidelines, the employee is determined by a physician to have reached Maximum Medical Improvement, or a physician determines the employee is able to return to work, the duty injury leave received under this Article will be terminated and any further wages will be allocated to sick leave should the employee continue to stay off work.

The Employee shall be entitled to one year of leave at the full pay for major medical leave. Major Medical for purposes of this Section shall be defined as any non-duty related physical debilitating disease or injury (Including but not limited to cancer and heart disease) that requires a lengthy confinement or convalescence sufficient to exhaust the Employee's accrued sick leave and vacation. Major Medical leave may be used only after all accrued paid leave has been exhausted. The City will require verification from a physician to substantiate the need for this leave.

All Employees, after five (5) years of full-time employment with the City, shall be entitled to this benefit of special major medical leave. Previous full time service that qualified for P.E.R.S. will be considered in the initial five (5) year requirement. This leave will be granted one time only in any five year period.

Tuition reimbursement shall be subject to a maximum limit of \$5,000 for Bachelor Degrees and \$7,000 for Master Degrees or a combination not to exceed \$7,000 annually, per employee, per calendar year. Employees enrolled in a reimbursable degree program as of November 1, 2007 will not be subject to the \$5,000 and \$7,000 limit up until completion of that degree for courses taken in connection with that degree. This reimbursement amount is calculated based upon the calendar years in which the course work was completed. Classes that expand over the course of more than one year, the reimbursement amount will be applied to the year in which the course is completed. The degree curriculum course requirements shall be filed in the Human Resources department with the request for reimbursement.

Those employees not seeking a degree but requesting to take college level classes related to the essential duties of their position or to obtain a position-related professional certification may request reimbursement up to \$2,500 annually. If seeking a professional certification that is not a requirement for the position as outlined in the job description, the total amount of \$2,500 may be applied to the course work and examination fees. The city will only pay a one-time reimbursement for such coursework and/or examination fees. In the event that coursework or examinations must be repeated by the employee, no further reimbursement will be provided. Courses to meet certification requirements for continuing education will not be eligible for reimbursement under this plan.

The Employee must submit the grade and appropriate documentation displaying the cost of the course within 60 days of the course completion.

Scheduled hours of instruction shall be filed with the Department Head (or designee) and the Director of Human Resources along with a detailed listing of costs that will be incurred and are expected by the employee to be reimbursed. All scheduled times of courses and reimbursement for costs incurred by the employee must be approved by their Department Head and the Director of Human Resources. Request for approval for tuition assistance must be accompanied by a signed Professional Reimbursement Agreement form (Exhibit A) which may be obtained in the Human Resources Department or on the Intranet. Any situation, in the discretion of the appointing authority, which requires the Employee's presence on the job shall take precedence over any times scheduled for courses.
- B. Financial assistance from governmental or private agencies available to the Employee, whether applied for and regardless of when assistance may have been received, shall be deducted in the entire amount from the tuition reimbursement. When the Employee's tuition is fully covered by another governmental or private agency, the Employee is not entitled to reimbursement.

- C. The Director of Human Resources shall create and maintain a current list of approved institutions for which reimbursement for tuition may be made. Those institutions listed by the Director of Human Resources shall establish eligibility of the Employee to receive reimbursement for tuition. Additional institutions may be added by forwarding an application for reimbursement to the Director of Human Resources not less than thirty (30) days prior to enrollment.
- D. No reimbursement shall be granted for books, supplies, transportation, meals, or other expense connected with any course.
