Re: Dept. of Engineering - Request for Council Action (June 12, 2023 COTW Meeting)

ACTION ITEMS

ACTION ITEM #1: GAHANNA WATER TOWER IMPROVEMENTS – PERMISSION TO BID

Inspections of the water tower performed in recent years have revealed various deficiencies on both the interior and exterior of the tank. Recommended repairs and upgrades include abrasive blast cleaning, exterior and interior recoating with polyurethane and epoxy systems, and miscellaneous hatch, pipe, handrail, roof vent, and ladder repairs and/or replacements. Engineering design of the proposed tower improvements is currently underway and on track to be completed by August 2023. The amount of \$370,000 was previously appropriated for this project. Based on updated construction estimates, the Department anticipates that a supplemental funding request will need to be presented to Council at a future meeting.

The Administration respectfully requests permission to bid the Gahanna Water Tower Rehabilitation project.
