Re: Pipe Bursting at Bow Road

We are pleased to present the following proposal:  
Emergency Installation of 8" HDPE pipe by Pipe Bursting into existing 8" Clay pipe that is in failure.

Price to include

Excavations with trench safety as needed.  
8" DR 17 HDPE pipe and fusion  
8" HDPE x 6" sch 35 fusion saddles for lateral connections  
6" sch 35 material for connection of service laterals.  
2 service lateral connections to new pipe  
57's stone bedding and fill around pipe for all excavations  
Repair of asphalt drive way as need for up to 6' x 15' or less for patch repair  
Careful removal of chain link fence and reconnection of existing at completion  
Restoration of yard damaged by excavations and traffic of equipment  
Repair of manhole with concrete and mortar  
Assistance with City with removal of wood fence.

Does NOT include

Bonds or City permit fee  
Replacement or reinstalling of wood fence or new fence material(wood or chain link)  
negotiated with home owners by city.  
Fees for AEP for holding of pole at 270 Bow Dr  
Replacement of landscaping that is in right of way/easement

Price for 8" Pipe Burst and lateral connections	\$ 44,225.00
Price for Full Manhole Rehab using SpectraShield @ 215/VF ( optional)	\$ 5,267.00
Total project cost	\$ 49,492.00

Proposal pricing is in effect for 30 days from the date of this correspondence. Rate does not include any local taxes or fees that may apply. Upon agreeing to the terms we ask you acknowledge in the area below and fax to our office. Should you have any questions regarding this proposal, please feel free to call me.
