Subject: RE: Planning Commission Postponement
Date: Friday, October 21, 2016 10:33:30 AM

Kayla,

Please let this serve as Access Energy's request to postpone the application from next week's Planning Commission meeting to the November 16th Planning Commission meeting. We are attempting to arrange a meeting between City officials and our client and a subsequent meeting with neighbors. We have been unable to secure meeting dates prior to next week's Planning Commission meeting and it is important that they occur prior to appearing before the Planning Commission.

Please let me know if you have any questions.

Thank you,
Chris

Christopher R. Kessler

Subject: Planning Commission Postponement

Hi Mr. Plank –

Bonnie informed me that you were wanting to postpone the applications on the Planning Commission agenda tomorrow nights.

I just spoke with the Planning Commission Chair, Don Shepherd. He said you can make this request and they will need to postpone to a date certain in 2 weeks (next meeting October 12) or postpone indefinitely.

While you're not required to be present, our City Attorney recommended your presence tomorrow as the Commission can vote either way at the meeting. It would be best that you are able to explain the postponement and answer any questions. This meeting was advertised and public comment will be welcomed.

Please confirm receipt of this email. Thank you.

Kayla Holbrook
