Attn: Sgt. Keith Brown

Dear Keith:

I am enclosing the CD-ROM, which makes a very good presentation. I've also submitted a presentation folder that covers most of the important items featured on the CD-ROM.

As we discussed, so long as we can get the order into this next production run, I can hold the price of upgrades until the 4th quarter of this year. This will give you the \$2000.00 savings. The Chief can order the 3 extra cameras when the forfeiture money comes in.

I'll await word from you.

Regards,

Bo9b Boxer

Vice President
