Good afternoon –

Status Update: Hearing request for BWR Gahanna LLC Beecher Rd & Hamilton Rd, Liquor Permit #1157515, [MR-0011-2017](#).

Per the Ohio Division of Liquor Control, the hearing date has not been set. They do have our request for a hearing on file. The site does not have footers set, therefore they cannot measure for institutions within 500 feet to notify of a hearing. This application is not currently blocking another liquor permit application. If another application is filed, they will required the applicants for this permit to either cancel or show substantial progress. We will not have any follow-up until a hearing date is set. Our Development or Service Departments may have a better idea on the construction status of the site.

If you have additional follow-up questions, I can reach back out.
