Subject: Request for Postponement of Gallas Zadeh Development's Application for Zoning Change
Date: Monday, April 13, 2015 10:03:50 AM

Dear Chairwomen Rosan:

Gallas Zadeh Development LCC is currently scheduled for a hearing before Gahanna Planning Commission on April 22, 2015 regarding an application for zoning change. The subject properties associated with the application for zoning change are 233-283 Hamilton Road and 232 Iroquois Park Place. Recently, Gallas Zadeh held a town hall meeting with contiguous property owners to discuss the proposed project contemplated should the zoning change obtain approval. So as to address stakeholder feedback from the town hall meeting and to further study certain project-specific development matters, Gallas Zadeh Development requests that its application for zoning change be pulled from the April 22, 2015 Planning Commission agenda. We apologize in advance for any inconvenience this may cause the Planning Commission or City staff and look forward to coming before the Planning Commission in the very near term with a more thoroughly developed project plan.

Respectfully

Jason D. Zadeh
