He highlighted her season record, victories over several top-ranked opponents, recognition as both OCC Wrestler of the Year and Ohio High School Wrestling Coaches Association Wrestler of the Year, and her academic achievements as a

Ms. Tibbs thanked Council for the recognition and shared her experience training and competing in Italy. She described the opportunity to compete alongside wrestlers from several countries and discussed the friendships and training opportunities she gained. Although she sustained an injury during the trip, she expressed her determination to continue competing. She thanked her coaches, teammates, family, and supporters for helping her achieve success.

Coach Jamie Leeseberg congratulated Ms. Tibbs on her accomplishments and praised her leadership within the wrestling program. He noted that her work ethic has helped elevate the entire girls wrestling program, resulting in increased participation, multiple state qualifiers, and continued competitive success. He also discussed the value of her international training experience and wished her success at the upcoming USA Wrestling National Championships in Fargo, North Dakota.

Council, Mayor Jadwin, and City Attorney Tamilarasan joined Ms. Tibbs and her family for a commemorative photograph. Following the presentation, President Weaver wished Ms. Tibbs continued success during the remainder of her wrestling career.

D. HEARING OF VISITORS:

F. RESOLUTIONS:

[RES-0025-2026](#) A RESOLUTION OF AUTHORIZATION TO APPLY FOR THE
NATUREWORKS GRANT PROGRAM ADMINISTERED BY THE OHIO
DEPARTMENT OF NATURAL RESOURCES FOR THE CREEKSIDE
REIMAGINED PROJECT

Councilmember Bowers noted that the legislation had not previously
appeared before Committee of the Whole and requested clarification
regarding its purpose. She asked whether the legislation simply
authorized submission of a grant application rather than approval of any
specific project improvements.

Senior Director of Operations Kevin Schultz explained that the legislation
authorized the City to apply for grant funding through the Nature Works
Program for temporary flood barriers associated with the Creekside
Reimagined Project. He stated that the barriers represented one
component of the overall flood protection strategy and that the opportunity
to seek grant funding became available after Committee scheduling,
requiring Council action prior to the July 15, 2026, application deadline.
He noted that no specific product had been selected and that cost
estimates were being used solely for the application.

Councilmember Bowers asked when the temporary barriers would be
deployed. Director Schultz explained that similar temporary flood
protection currently exists beneath the bridge and at the south garage
entrance. He stated the barriers are generally deployed only when

significant flooding approaching a 100-year flood event is anticipated and are used infrequently. He added that the proposed system would replace the City's existing system with a more effective flood protection solution. Councilmember Bowers asked whether the existing system had become obsolete. Director Schultz responded that while the existing system remains functional, the proposed system would provide greater effectiveness.

A motion was made by Renner, seconded by Bowers, that the Resolution be Adopted. The motion carried by the following vote:

Yes: 6 - Bowers, McGregor, Padova, Renner, Schnetzer and Weaver

Absent: 1 - Jones

Councilmember Padova thanked Parks & Recreation staff, the Division of Police, City employees, volunteers, and the Gahanna Lions Club for their work organizing the Independence Day festivities. She remarked on the enthusiasm shown by residents throughout the parade and community celebrations.
