Subject: Requested Placement on December 2016 Planning Commission Agenda
Date: Thursday, November 03, 2016 2:36:07 PM

Per Mr. Plank:

Kayla,

Thank you for your call this morning. We too believe that our meeting on Monday, October 31st was a productive meeting. We promised City attendees certain information that I have not yet compiled; the City police were going to call the Dayton Police Department regarding our Dayton facility; and, we have a meeting tentatively scheduled for November 10th with adjacent property owners. Once issues and concerns are discussed, I would still need time to compile and share with the City proposed conditions to the pending zoning applications that would assure the City and the neighbors that the proposed facility will operate as represented. For these reasons, we would request that this matter be placed on the December Planning Commission's agenda.

Don Plank

Thank you,

Barbara Painter, Secretary to:
Donald T. Plank, Esq.
David Watkins, Esq.
Christopher R. Kessler, Esq.
