Re: Dept. of Engineering – Request for Council Action (February 23, 2026 COTW Meeting)

---

### ACTION ITEMS

#### ACTION ITEM #1: MCCUTCHEON ROAD \ I-270 BRIDGE – PARAPET AND FENCE REPAIRS - FRA-00270-3396 - RESOLUTION

The Ohio Department of Transportation (ODOT) will be repairing the parapet wall and replacing the protective fencing along the north side of the bridge on McCutcheon Road that carries Interstate 270 (FRA-00270-3396). This bridge is within the City of Columbus, with the westbound approach being in the City of Gahanna. ODOT has requested consent legislation authorizing this work to be conducted.

The City of Gahanna has not requested that any “at cost” features be added to the project and therefore the project is funded in total by ODOT. While it is understood that this work will take place during this construction season, a formal schedule has not yet been provided.

The Administration respectfully requests a Resolution of Consent authorizing ODOT to perform this work.

#### Requested Legislation and Funding

Legislation Needed: Resolution  
Emergency/Waiver: N/A  
Vendor Name: Ohio Department of Transportation  
Vendor Address: N/A  
Already Appropriated: N/A  
Supplemental/Transfer: N/A
