Sorry to vent at you but this has been going on for years. If by some miracle there is progress so be it. Nothing I could say or do will affect Mr. Canini and his white elephant. But if anything interesting develops at the meeting let me know and I will pass it along to the Board. Have a great weekend.

A public hearing will be held on the application you're referencing on May 10th at 7:00 PM in Council Chambers here at City Hall. The public is welcome to come and voice their concerns. If you have any questions that I can further address, please let me know. Please enjoy your weekend.

> I live next door to this eyesore and have been frustrated with the lack of progress in getting something done here. Mr. Canini has submitted this plan before and this one is just another iteration of the same one. When will he get serious? I suggest he is just buying time again. Fool me twice and I give up.

>

> When we complained about this mess several years ago, he planted 5 fir trees on our property. Since then one has died and been replaced with another one that's dying. And another one is dead and needs replacement. This has been done at the cost of our Association so we not only have this eyesore to put up with but have had to sustain expenses replacing Mr. Canini's fir trees!

>

> So unless someone on the Planning Commission knows anything more positive about this than what has been going on since 2008 or so, I will just ignore this notice and look at my dead trees. What has happened to that property is an obscenity and a civic embarrassment.
