

Support Letter for Residential Project  
Crescent at Central Park  
Gahanna, Ohio

Honorable Members of Gahanna City Council

Please accept this letter as our statement of support for the rezoning of the proposed residential townhome project by The Casto Organization, known as Crescent Park. We had hoped and envisioned this component along with retail, restaurants and services would occur at "The Crescent" back when we committed to build our Walnut Creek Wellness Center. It is important to our business and staff to have the retail and services nearby and more importantly, the opportunity for current and prospective employees to have a new quality housing option nearby. Our staff also looks forward to the opportunity to have the trail system expand and provide walkability to the retail and park areas. As we prepare to construct a second facility, The Walnut Creek Surgical Suites, with the hopes that other medical users will follow, it becomes even more imperative the project become what The Buckles' and their Development Team envisioned.

Sincerely

A handwritten signature in black ink, appearing to read "Dr. Smith", written in a cursive style.

Dr. Stephen P. Smith Jr. MD  
Managing Member  
Walnut Creek Wellness Center
