# Q1 Report to Council

---

## Overview

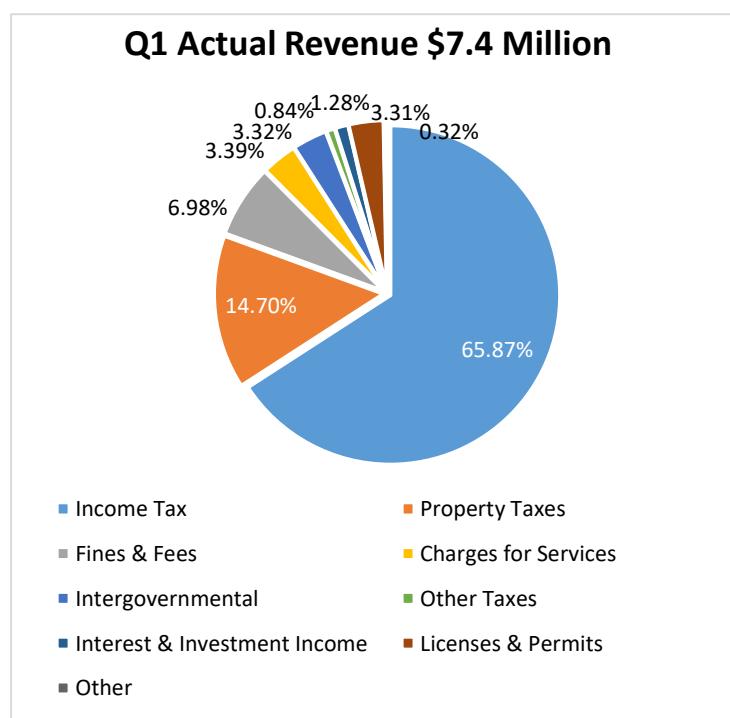

The purpose of this report is to provide Gahanna City Council, residents, and interested parties with an overview of the City's finances for the quarter ended March 31, 2022. The report focuses on the General Fund, which is the primary operating fund for the City, as well as the Public Safety Fund, Parks & Recreation Fund, Public Service Fund, and Capital Improvement Fund - all of which receive income tax revenue from the 1% income tax increase passed by the voters in May 2019. The data provided in this report is unaudited and is shown on a cash basis as collected or expended through March 31, 2022.

This report has been posted to the Financial Publications portion of the City's website located here: <https://www.gahanna.gov/financial-publications/>. This report includes: a high level summary of how each of the funds that receive income tax performed, followed by a comparative budget versus actual statement; a fund level report for all funds; detailed account information for all funds; an income tax analysis; an investment and depository analysis; and a final summation of the quarter, moving from the lowest level of detail to the highest.

## Key Financial Highlights

### General Fund Revenue

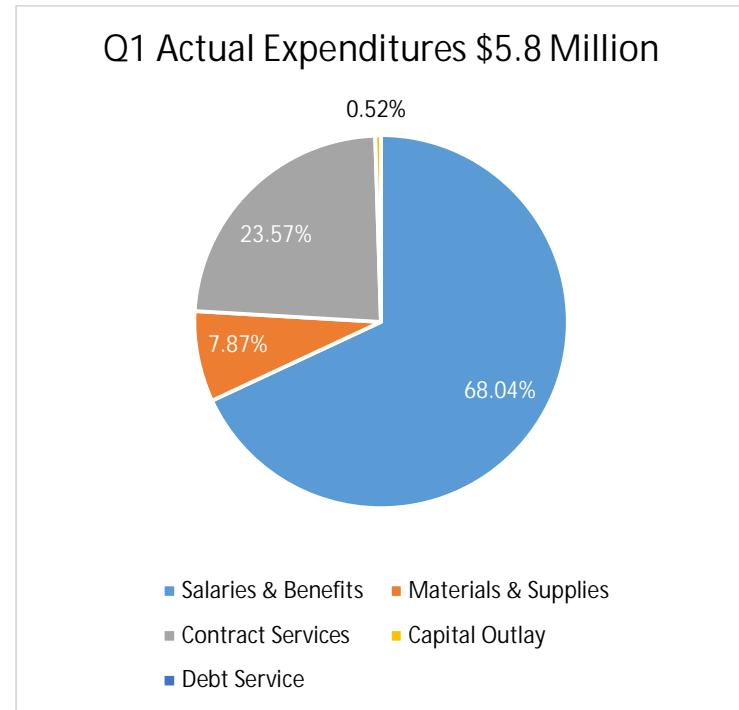

- In total, revenue for the first quarter of 2022 is 28% of planned which is expected at the end of the first quarter. The following should be noted:
  - Income taxes are 24% of planned, which would be expected. More information on income tax is located in the income tax portion of this report.
  - Property taxes received are 49% of the planned amount. This would also be expected as there are two distributions per year, first quarter and third quarter, and approximately half is received with each distribution.
  - Other taxes (which represents lodging taxes) are 16% of planned revenue. This is consistent with first quarter activity pre-pandemic.
  - Other revenue has significantly exceeded the budget resulting from the AEP EV Charging Station Incentive Program authorized in 2019. This represents the reimbursement to the City for the installation of the EV charging stations in various locations in the City.
  - Licenses & Permits are 47% of planned and is directly related to permitting and licensing for various construction projects.

- Licenses & Permits are 47% of planned and is directly related to permitting and licensing for various construction projects.
- General Fund revenues compared to 2021 have increased by 16% (or \$1.01M) mainly due to income taxes. See the income tax discussion section of this report. Other items to note:
  - Fines & Fees increased by 97% (or \$147K). This increase is related to a movement of the public service general services division back to the General Fund.
  - Charges for services increased by 23% (or \$47K) resulting from charges to New Albany for operating the New Albany Mayor's court. The transition was completed in October 2021 with the first invoice processed in January 2022 for 2021 fourth quarter activity.
  - Other taxes are almost double compared to 2021 as the hospitality industry is continuing to recover.
  - Interest & Investment Income is expected to increase slightly for 2022 with announced interest rate increases however the first increase did not occur until mid-March. Although there was a 43% decrease (or \$73K), as investments mature and are re-invested, this revenue stream should begin to exceed 2021 levels.
  - Licenses & Permits are up 81% (or \$109K) as construction projects in the City continue to increase.
  - Other revenue is up 471% (or \$199K) for reimbursements received from AEP for the EV charging station incentive program as mentioned above.

## General Fund Expenditures

- General Fund expenditures are 20% of planned, which is expected at the end of the first quarter. When encumbrances are considered, they are 45% of planned.
- Compared to 2021, General Fund expenditures have increased by 15% (or \$775K), mainly due to the following:
  - Salaries and benefits increased by \$310K. The 9% increase is the result of anticipated increases resulting from:
    - The salary study conducted during 2021 and incorporated for the 2022 budget.
    - Cost of living increases for those that were not impacted by the salary study.
    - Movement of the public service general services division back to the General Fund.
    - New positions or filling of vacant positions that existed during the first quarter of 2021.

- Materials & Supplies are up \$94K (or 26%) partially resulting from the movement of the public service general service division back to the General Fund and partially resulting from an overall increase in the cost of materials & supplies due to inflation.
- Contract services increased \$310K (or 41%) similar to materials & supplies this was related to the movement of activities back to the General Fund and inflation. In addition, there was an expected increase to contract services for new initiatives for 2022 such as the capital improvement plan.

## General Fund Other Financing Sources and Uses

- The increase in transfers out is related to the timing of posting transfers in/out. In 2021, the transfer to the leave reserve fund was made in the first quarter and the bond retirement transfer was made at a later time. For 2022 both transfers were made in the first quarter.

## General Fund Balance

- Fund balance increased by \$1.3M to \$25.6M by the end of the first quarter. Of the \$25.6M, \$7M is reserved for encumbrances and \$6.7M is reserved for emergency, leaving an unreserved fund balance of \$11.9M. Unreserved fund balance equates to six (6) months of operating expenditures, which is more than the two (2) month minimum set by policy.

## Public Safety Fund

- The Public Safety Fund revenue is \$301K, or 22%, of planned revenue. Income tax revenue is \$298K, or 26%, of planned, which is expected for the first quarter. More details on income taxes will be discussed in the income tax portion of this report. The decrease in revenue compared to 2021 is related to the timing of invoicing and collection for the School Resource Officers.
- Public Safety Fund expenditures are \$77K or 14% of planned, which is lower than expected mainly due to the vacant Community Liaison Officer position which was filled in late March and a vacant School Resource Officer position since mid-February. The increase compared to 2021 is related to the vacant SRO position the first quarter of 2021 that was filled the second quarter of 2021 to mid-February of 2022.
- Public Safety Fund Balance ended at \$726K, which is an increase of \$119K resulting from revenues exceeding expenditures for the first quarter. Of this amount, \$4,290 is reserved for encumbrance.

## Parks & Recreation Fund

- The Parks & Recreation Fund revenue is \$325K, or 20% of planned revenue, which is expected for the end of the first quarter. Income tax revenue is \$188K, or 26% of planned. The increase in income tax compared to 2021 is related to a change in the percent distributed to the fund. Charges for services revenue continues to rebound. For the first quarter of 2021 there were still concerns over COVID and what type of programming and events would be possible.
- Parks & Recreation Fund expenditures are \$185K, or 10% of planned. This is expected as the season does not begin until the second quarter of the year. Compared to 2021 salaries and benefits are down 28% and is related to a movement of some activities back to the General Fund.
- Parks & Recreation Fund Balance ended at \$1.1M, which is an increase of \$937K resulting from revenues exceeding expenditures for the first quarter. Of this amount, \$423K is reserved for encumbrances.

## Public Service Fund

- The Public Service Fund revenue is \$321K, or 27% of planned revenue, which is expected for the first quarter. Compared to 2021, revenue is down 35%, as some activity budgeted from the fund for 2021 has been moved back to the General Fund for 2022. Income tax revenue is down, resulting from a change in the percent distributed to the fund. See the income tax section of this report.
- Public Service Fund expenditures are \$249K, or 16%, of planned, which is lower than expected. Salaries and benefits are lower than expected as there are a few vacant positions that have just recently been filled. Contract services and materials & supplies are related to projects and as the construction season picks up in the second and third quarter so will these costs. Compared to 2021, expenditures have decreased by a significant amount as more activities were budgeted from the fund in 2021. However, there is a slight increase in salaries and benefits resulting from additional allocations of public service staff to this fund as responsibilities were analyzed and it was determined that a percentage of the employees' time is spent supporting the engineering division and therefore a portion of the salaries and benefits should be charged to this fund.
- Public Service Fund Balance ended at \$1.1M, which is an increase of \$752K resulting from revenues exceeding expenditures. Of this amount, \$470K is reserved for encumbrances.

## Capital Improvement Fund

- The Capital Improvement Fund revenue is \$2.4M, or 26% of planned revenue, which is expected as of the end of the first quarter. Compared to 2021, revenue has increased by 5%, due to income tax collections which are discussed later in this report.
- Capital Improvement Fund expenditures are \$630K, or 2% of planned. When encumbrances are considered, it is 89% of planned. Compared to 2021, expenditures have increased by \$275K, or 77% as final invoices for 2021 projects were received the first quarter of 2022 and more equipment purchases were made the first quarter of 2022 compared to 2021.
- Fund balance ended at \$19.6M, which is an increase of \$1.7M resulting from revenue exceeding expenditures. Of this amount, all is reserved for encumbrances along with what is expected be received the rest of the year.

## Additional Information

### Income Tax

Income Tax remains Gahanna's largest source of revenue. Through the end of the first quarter of 2022 income tax made up 66% of total General Fund revenue, 99% of the Capital Improvement Fund Revenue, and 83% of the three Special Revenue Funds, established for operations related to Public Safety (99% of revenue), Parks & Recreation (58% of revenue) and Public Service (93% of Revenue). On a cash basis, total income tax collections are \$8M to date. This was allocated as follows:

Fund	Income Tax Revenue	% of Collections
General Fund 1.5%	\$ 4,886,082	61%
Capital Improvement .75%	2,351,062	29%
Public Safety .095%	297,801	4%
Public Service .095%	297,801	4%
Parks & Recreation .06%	188,085	2%
	<u><u>\$ 8,020,831</u></u>	

The allocation of the 25% to each of the Special Funds was based on the budgeted net cost of the activities in each fund.

Gahanna collects income taxes in three categories: business withholdings, individual/resident returns, and net profit returns. The bulk of these collections, approximately 81% for the first quarter, are from business withholdings, with 7% coming from individual returns and 12% coming from net profits.

The following tables shows the distribution of the 1.5% - and 1% - income tax among these three categories compared 2021.

As anticipated, the first quarter of 2022 is showing a shift in where most growth is occurring. As we ended 2021 the majority of the increase in income tax was in net profit taxes. For this quarter the main area of growth is in withholdings. The year-end report for 2021 noted that the net profit tax collections for 2021 were, more than likely, an anomaly related to the pandemic. It was also noted in the 2021 year-end report that the reduction in net profit taxes would, more than likely, be offset by an increase in withholding taxes as economic development was increasing. As economic trends continue to emerge and income tax begins to stabilize trends will begin to emerge making forecasting better. Until then a flat growth is expected as we move forward for 2022 and beyond.

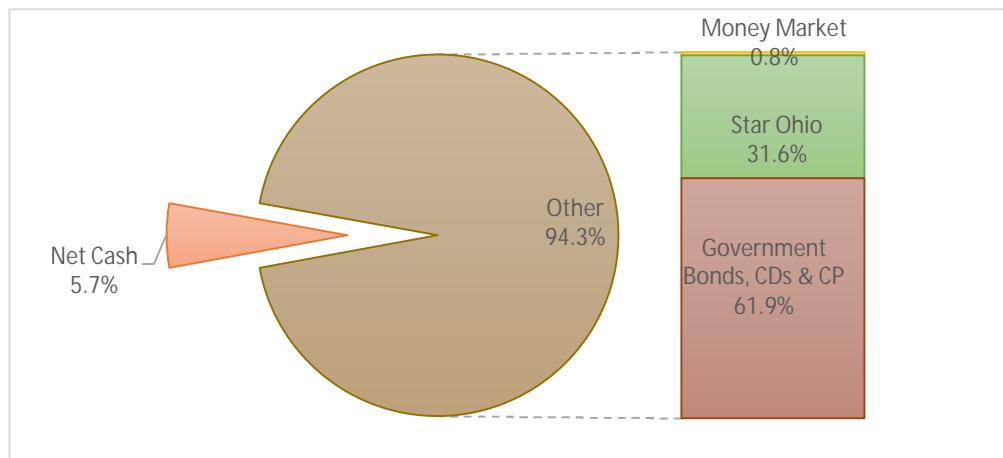

The decrease in individual taxes has been anticipated as the 2019 income tax increase also changed the credit from a reduced credit to 100% credit applied to the lesser of the Gahanna tax rate or workplace tax rate. This results in less residents having an amount due to the City upon filing, which would require quarterly estimated payments for the subsequent tax year.

It is still unknown what impact remote work will have on withholding taxes and individual taxes. Employers and taxpayers may not fully understand how local income tax should be applied resulting in incorrect withholdings. This could in turn create additional refunds for both withholding and individual taxes. As the City and RITA continue to inform employers and taxpayers of the laws for local income taxes some stabilization may emerge.

## Investments

The City's cash, while accounted for separately by fund, is pooled and invested in accordance with the City's Investment Policy (recently amended by ORD-0009-2021) and Ohio Revised Code. Unless otherwise restricted, all interest earnings are credited to the General Fund.

The City maintains its liquid cash in "checking" style accounts at Huntington National Bank. It invests short- to mid-term funds and bond proceeds at Star Ohio, and the remainder is invested in longer term holdings which are managed by RedTree Investment Group. The chart below details the breakdown of the City's \$94M portfolio as of March 31, 2022.

As of March 31, 2022, the average duration of the City's investment portfolio was 1.34 years and the average yield to maturity of the City's holdings was .60%. By comparison, the Star Ohio annualized yield at that same time was .36%. Using the US Department of Treasury historical yield curve rates for a 2-year maturity, rates are up from March of 2021 from .16% to 2.28% as of the end of the first quarter. This is almost equivalent to the first quarter of 2019 which was 2.27%. This is a definite positive indicator along with the first .25% increase in interest rates by the Federal Reserve in mid-March.

Investment earnings for the year are 24% of the amount planned for 2022 which is expected for the end of the first quarter; however, there was a decline of 43% compared to 2021. While we are expecting growth for 2022, this will occur as investments mature and are reinvested in higher yielding options. The City will continue to retain security while investing in short term or liquid investments. Keeping investments short term will allow the City to take advantage of the raising rate environment.

## Conclusion

As the first quarter comes to an end, there appears to be revenue stabilization occurring and expenditures are tracking as expected for the first quarter. The City continues to struggle with recruiting and retaining human capital and it is hopeful that as 2022 progresses staffing will also stabilize.

When the pandemic came about in 2020 the financial projections did not forecast any recovery until at least 2023. It appears recovery has already occurred one year earlier than predicted and the focus can now turn to continued stabilization and growth. The GoForward Gahanna strategic plan refresh, parks master plan updated, facilities plan, and capital improvement plan will create the roadmap for this.

## Status of Current Finance Department Projects

- New Accounting & Timekeeping System – It is anticipated all will be fully operational by the end of 2022. The last piece currently in progress is a scheduler for police and dispatchers.
- 2021 Audit – The 2021 financial audit is progressing. Please respond to audit inquiries and request as quickly as possible.
- 2021 Annual Comprehensive Financial Report – Work is progressing.
- ARP – There are a number of items budgeted in 2022. The first Treasury report is due the end of April.
- Procurement Policy – New processes have been drafted from the approved policy and training will be conducted in early May with a 30-day implementation process. By the end of June all purchases will be following the update policy and procedures.
