G. NEW BUSINESS

- Discussion on proposed Charter Review Commission Amendments

Hicks stated that the proposed amendments discussed at the last

meeting are still proposed without any edits. Specifically the Planning Commission section 11.01 the offending phrase of adding that members shall not hold any other municipal office or appointment. The concern was that if it is passed by voters then members of this commission could not hold any other office or appointment.

Greenberg asked if that would disqualify Hicks from being the CIC liaison? Hicks stated you could argue that CIC elects their own members. It would prohibit any other City appointments.

Hicks stated at the last meeting there was discussion of a Planning Commission letter to the Charter Review Committee; if that hasn't occurred he recommends making a formal recommendation to strike that word appointment from the proposed change.

Greenberg asked the clerk if there have been any letters passed to the Charter Review Committee? Gonchar stated that there has not been anything formal submitted to them. They are scheduled to meet again in April. Gonchar recommended she could draft a letter stating the concern and at the next Planning Commission meeting it could be in the form of a motion so this Commission is on the record. Greenberg asked if it was acceptable by the Commission; it was acceptable to the Commission.
