**RE: Surface application of oilfield brine for dust and ice control to private roads and parking areas within property at 1900 Deffenbaugh Court, Gahanna, Ohio.**

Dear Mr. Henderson:

On March 16, 2015, the Division of Oil and Gas Resources Management received a copy of the resolution adopted by the **Gahanna City Council** approving your plan for the spreading of brine on the above referenced property. The Division has determined that the plan, as approved, complies with the requirements of Ohio Revised Code (R.C.) Chapter 1509 and the Division rules. This plan expires one year (**March 16, 2016**) from the date in which the City Council passed the resolution and must be renewed each year. **R.C. 1509.226(C) states that a plan must be approved by the County Commissioners. Attached for your reference is a copy of R.C. 1509.226. For next year the resolution to spread brine at the above referenced property must be approved by the Franklin County Commissioners to remain in effect.**

Enclosed is Form 15: "Surface Application Annual Report". R.C. 1509.226 (F) requires that person who has filed plans for brine application file this report annually with the Division of Oil and Gas Resources Management. Please duplicate the form as needed. This report is due on or before April 15.

If you have any questions regarding this matter, please feel free to contact me at (614) 265-6933.

Sincerely,

A handwritten signature in black ink, appearing to read "Kenny Brown".

Kenny Brown, Geologist  
UIC Section  
Division of Oil and Gas Resources Management
