Ms. Holbrook –

Thank you for the Workshop information attached.

I have a couple of questions I am hoping you can answer –

1. The aerial views of the project shows the project site protruding to the west just north of the parking lot at the back of the parking lot in the rear of our building. Is that correct? It has always been my understanding that land was part of the parcel that our building and parking lot is on. Could you please advise on that matter please.
2. The documents also seems to refer to our property as 1385 Blatt Blvd. Our property is 1410 Blatt Blvd. Is there an error or am I misunderstanding?
