UPDATE

Hamilton Rd Central - Construction on Hamilton Rd Central has progressed quickly and is ahead of schedule. Both roundabouts are open and fully functional.

Following the Thanksgiving holiday, crews will have temporary lane shifts throughout the project as they work to finish minor items. As time and weather allows this Winter, the contractor will continue to work to complete remaining concrete work for driveways and sidewalk, while all final restoration and surface asphalt will be completed in the Spring/Summer of 2017.

Motorists should continue to expect delays throughout the construction zone, and are encouraged to consider other routes if they wish to avoid a possible delay in their travels.
