E. APPLICATIONS/PUBLIC HEARINGS:[V-0008-2017](#)

To consider a Variance Application to vary section 1155.04(b)(2)(A), Site Planning, Side Yard, of the Codified Ordinances of the City of Gahanna; to vary the side yard setbacks from 25' to 16'; for property located at 1601 Eastgate Parkway; Parcel ID No. 025-012947; Virginia E. Favazzo c/o Christopher A. Rinehart, applicant.

(Advertised in the RFE on 9/7/2017)

City Attorney Ewald read the rules for the public hearing.

Michael Blackford said variance to eastern property line; zone district 25' proposed at 16'; building located on Eastgate Parkway; electric solutions is adjacent property; most affected; existing building was approved in 2016; was built with 16' set back; other building is 25'; zoning district OCT is 25'; general side yards vary on size of buildings; substantially larger setback requirement; request applies to second structure; rear of property; didn't receive permits to complete process; three options are grant variance, tear down building or require additional property; not feasible; staff recommends approval; special condition it was built without proper process; it won't look out of character.

Public Hearing opened at 7:09 p.m.

Applicant Christopher Rinehart said staff did good job explaining process; read letter dated Sept 12 from Electric Solutions that supports this variance; worked with City to get any matters resolved; here to answer any questions.

No Proponents or opponents.

Closed PH at 7:12 p.m.

Shepherd asked why the original setback was in place; he said typically storage such as this site get lumped into industrial which has a larger setback; based on today's use; basically not hazard materials; not something that will create a lot of impact; Shepherd said careful not to impact area and set precedent; was a staff comment to do additional plantings along the eastside; Blackford said it was a suggestion if there were any issues that could mitigate any impact; Keehner said he didn't have a problem since the neighbor does not; not unreasonable; Suriano has no issue; wasteful to tear down property; Wester asked what we do to avoid this situation in the future; how do we ensure compliance in the

future; Priestas said the FDP was inaccurate; realized the discrepancy.

A motion was made by Hicks, seconded by Shepherd, that the Variance be Approved. The motion carried by the following vote:

Yes: 7 - Burba, Wester, Price, Keehner, Hicks, Suriano and Shepherd
