Director of Information Technology Supporting Documents

1. Funds Transfer - Part Time Team Member

Gaydos requested authorization to transfer existing funds from Information Technology (IT) operating equipment fund multiple funds; for past few years IT Department has been working to identify lifecycles of equipment; in order to continue providing IT service at the level expected, believe we need to increase labor output and to hire part-time staff member; already accounted for in operating model; funds already exist. Kneeland confirmed you're not asking for new people. Gaydos replied stating that the department has been down 2 people since January. Wadley clarified it is an additional part-time person; need has grown tremendously for help-desk; asking for about 20 hours/week; this is also so they can do some cross-training. Larick said this will turn into about a \$20,000/year salary; do we not need that in operational equipment. Gaydos said moving a bit away from equipment to labor; that is correct.

RECOMMENDATION: Motion Resolution, Consent Agenda

ITEM - From Clerk of Council
