UPDATE - From the Clerk of Council**1. Records Management Update**

Maxwell gave the update that the Police Division is continuing the process of back-filing historical documents; have received positive feedback on software capabilities; Human Resources is almost done with design configuration for their specific files and will start training soon; ahead of schedule; next department on board will depend on who is finished with design configuration of their records; Clerk will continue to give updates as we move forward with the City's digital footprint.
